Citywide Updates

LED Conversion

Mayor Gallego, Vice Mayor Guardado, City Management and several members of the Street Transportation Team gathered on a crisp January morning to mark the completion of the citywide LED street light conversion. The new LED street lights are anticipated to save the city approximately \$3.5

million in annual energy costs. By switching to more energy efficient LED fixtures, Phoenix reduced the amount of electricity needed to illuminate the streets by approximately 53%. This reduction prevents emissions of up to 18,000 metric tons of carbon dioxide a year – the equivalent of taking 3,800 cars off the road.

LED street lights also have longer lifespans and produce better light quality than the previously used high pressure sodium street lights. In addition to substantial energy savings, the LED fixtures will reduce maintenance expenses over their service life.

LED technology can also improve roadway visibility and safety due to the improved distribution of light compared to the old high-pressure sodium street lights. Improved visibility is linked to a reduction in crime and increased pedestrian safety.

MAKE SPRING TRAVEL EASY AT SKY HARBOR

America's Friendliest Airport® is about to be even busier than usual with activities and events taking place this month throughout the Valley, like spring break travel, FanShield 500 NASCAR Weekend, and Spring Training games. Phoenix Sky Harbor International Airport traditionally sees its highest passenger counts in the month of March.

Due to the busy Spring season, it is very important for passengers to plan ahead before they travel through Sky Harbor. One of the biggest changes here: Terminal 2 is closed and all the airlines that formerly operated out of it are now flying out of Terminal 3, which is now fully open with a new North Concourse and more shops and restaurants.

Here are some tips to help you travel through Phoenix Sky Harbor with ease:

Before You Fly

- **Plan Ahead.** Domestic travelers should get to the airport at least two hours prior to their flight, and if traveling internationally, arrive at least three hours early. Confirm flight status with the airline before coming to the airport.
- **Parking is a breeze.** Enjoy the convenience of [Sky Harbor Discount Parking](#). Park in both terminal parking garages, the East Economy Lot, and the West Economy Garage. Book a spot up to six months in advance.
- **Remember to look through your bags.** Prior to arriving at the airport, check carry-on bags or purses for [TSA Prohibited Items](#). In addition, travelers taking home a souvenir baseball bat from a Spring Training game will need to place it in checked luggage.

- **Need a rental car? Reserve in advance.** Coming in from out of town? It is recommended to reserve a rental car in advance. Our [Rental Car Center](#) has several major rental car companies to help visitors get around town.
- **Avoid traffic.** The 44th Street PHX Sky Train® Station offers a [FREE](#) option to get to and from the terminals and to avoid roadway traffic and curb congestion. Get picked up or dropped off there and catch the PHX Sky Train®, which operates 24 hours a day and arrives every 3-5 minutes. A free cell phone waiting lot is also available. See more at <https://www.skyharbor.com/PHXSkyTrain>

When You're at the Airport

- **Enjoy some local eats.** America's Tastiest Airport® is the home of several local restaurants in both terminals serving Southwest-inspired cuisine, such as Barrio Café, San Tan Brewing, and Chelsea's Kitchen. National favorites are also available throughout the airport, including Panda Express, McDonalds, and Shake Shack. Go to <https://www.skyharbor.com/ShopsFoodServices/Dining>.
- **Shop or relax.** Don't arrive at your destination empty-handed. Take advantage of Arizona boutiques and upscale national stores for a fashionable gift. Give yourself a present and get pampered in one of our spas in Terminal 4 before boarding your plane. To find stores that sell last-minute travel necessities and souvenirs at Sky Harbor, visit <https://www.skyharbor.com/ShopsFoodServices/Shops>
- **Explore some local art.** Both terminals showcase art exhibitions created by talented Arizona painters, photographers, sculptors, and other artists. These beautiful Museum exhibitions can be seen both before and after security.
- **Check wait times.** TSA Security Checkpoint wait times are available on the front page of [skyharbor.com](https://www.skyharbor.com) and in the terminals on the flight information displays.
- **Additional travel tips** are available at <https://www.skyharbor.com/>.

CITY EFFORTS TO ADDRESS HOMELESSNESS: FISCAL YEAR 2019-20

Major Initiatives

- The city of Phoenix spends just under **\$20 million annually (see below) *** for services related to homeless solutions across several city departments:
 - Housing Department
 - Human Services Department
 - Neighborhood Services Department
 - Police Department
 - Street Transportation Department
 - Library Department
 - Parks and Recreation Department
 - Public Transit Department
- Phoenix dedicates over **\$4 million for services (see below)**** to assist those experiencing homelessness through community-based providers. Direct services include:
 - Homeless outreach and engagement
 - Veteran navigation and coordination
 - Emergency shelter
 - Rent and utility deposits assistance
 - Wrap-around support
 - Permanent supportive housing
 - Eviction prevention and utility assistance

Housing and Shelter Partnerships

- The city partners with shelter providers and last year assisted **3,680 individuals and families** experiencing homelessness with emergency shelter services.
- Additionally, Phoenix utilizes a variety of federal housing resources to provide housing and stabilization. These resources includes:
 - **900** VASH (veteran-supportive) vouchers
 - **275+** Section 8 Housing Choice Vouchers for chronically homeless
 - **50+** project-based Section 8 Vouchers for families with children
 - **33** units with supportive services at the Aeroterra Apartment Community
- Phoenix also developed a partnership with Mercy Maricopa Integrated Care, to provide behavioral health and wrap around support services to those transitioning out of chronic homelessness with the help of the Section 8 Housing Choice vouchers.

Regional Facts

- The only publicly available Coordinated Entry location in Maricopa County for homeless individuals is located in the city of Phoenix at the **Human Services Campus Brian Garcia Welcome Center** which is located within the City of Phoenix.
- The total number of emergency shelter beds in Maricopa County is **1,825** of which approximately **1,513 beds or 83 percent** are located within the city of Phoenix.

LUKE AIR FORCE BASE: TARGETED GROWTH MANAGEMENT PLAN

- Luke AFB will be the training home of **144** new F-35A Lightning II fighter jets by 2026.
- By 2023, the defense spending in support of Luke AFB is expected to support approximately **13,900** total jobs, **\$820 million** in total compensation, and **\$1.5 billion** in value-added impacts to the Study Area's gross regional product.
- It is anticipated that by 2023, defense contracts performed in the Study Area will equate to roughly **\$220 million** annually.
- The F-35A mission at Luke Air Force Base (AFB) is projected to grow the local defense economy **25 percent** and constitute approximately six percent of the Study Area's labor force, with **90 percent** of all Luke AFB job impacts projected to occur in the communities of Glendale, Surprise, Goodyear, and Avondale.
- The average defense-related job earns approximately **23 percent** more than the region's average – **\$64, 800** versus \$52, 800.
- Growth in number of personnel at the base: **2,324 new personnel**, **4,717 dependents**, for a total population increase of **7,041**.
- Relative to housing affordability, affordable housing for all ranks is projected to be available within the Study Area during the mission expansion. On average, **3,100 housing units per year** are projected to be available within the Study Area and considered affordable and attainable by personnel within the lowest ranks.
- The communities surrounding Luke AFB and The West Valley are well-served by a system of highways connecting them to the metro region and to the interstate highway system.
- **Seventy-one percent** of public schools in the Study Area that were rated by the Arizona Department of Education in 2019 are considered highly performing or excellent.
- **West-MEC**, the Career and Technical Education School District serving western Maricopa County, offers adult education classes in program areas such as Aviation Maintenance & Avionics, and Airframe & Power Plant Test Preparation. These courses are aligned with the mission of the base, and well-suited to build capacity within the community to better serve the base.

DESIGN AND CONSTRUCTION ADMINISTRATION AND INSPECTION (CA&I) SERVICES AGREEMENT FOR THE PHOENIX-DEER VALLEY AIRPORT (DVT) POLICE HANGAR AND APRON REPLACEMENT PROJECT AV31000090

Wednesday, March 18th City Council will vote on a request to award CA&I Service Agreement for the DVT Police Hangar and Apron Replacement Project.

Recommendation

Request to enter into a design and CA&I services agreement with DWL Architects+Planners, Inc., for the DVT Police Hangar and Apron Replacement Project AV31000090.

Background

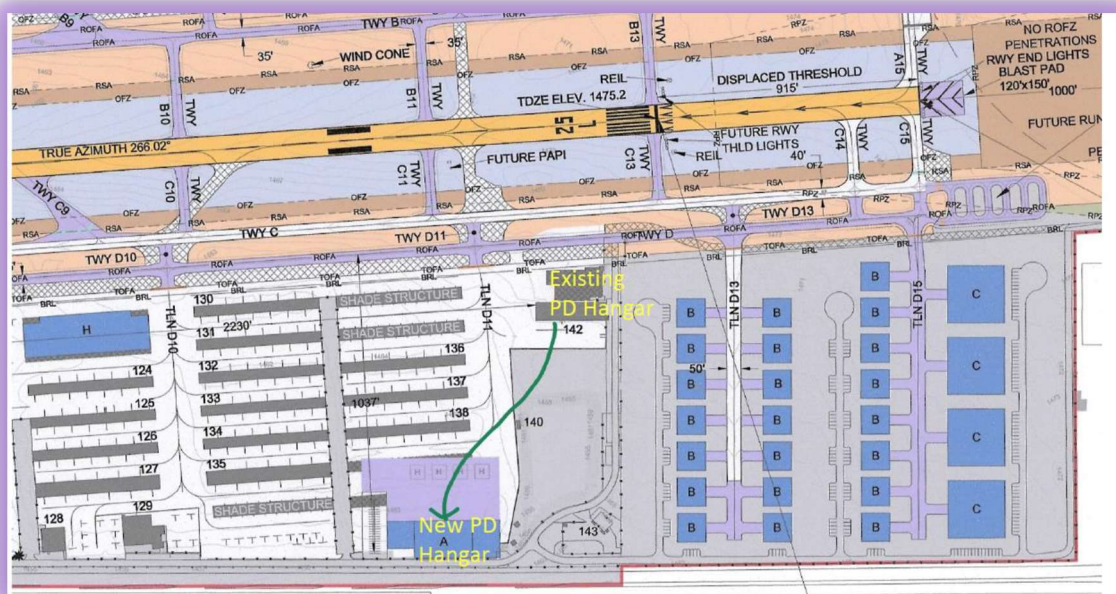

The purpose of this project is to construct a new police air support hangar and reconstruct the apron for the police aircraft fleet at DVT. The previous police hangar was built in the 1970s, the police hangar needed a major code upgrade to meet current code requirements to remain operational.

Due to the extensive code improvements needed in the building and the airfield apron expansion requirements, the City has opted to reconstruct the existing apron, construct a new ramp and taxi lane for the police aircraft fleet, and replace the Police hangar building immediately south of the existing police hangar site.

Financial Impact

The term of the agreement is five years from the issuance of the Notice to Proceed.

The agreement value for DWL Architects+Planners, Inc. will not exceed \$2.2 million, including all subconsultant and reimbursable costs. Funding for is available in the Aviation Department's Capital Improvement Program budget.

PHXPLAYS SUMMER CAMP

Mark your calendars, Summer Youth Camps registration is right around the corner. Registration starts **March 19th at 6:30 p.m.**

Youth camps are held at community and recreation centers citywide. Registration at some sites can fill up quickly. Camps feature a variety of activities, including field trips, sports, arts and crafts, and other enrichment programming. Swimming lessons are taught to thousands of kids and adults at the city's 29 public pools each summer and are an important part of water safety education. City pools also offer swimming and diving teams, a water basketball league and water aerobics classes. Additional programs are available for all ages at recreation facilities citywide. DON'T GIVE TO INDIVIDUALS, GIVE TO SHELTERS

To end panhandling, we must stop giving directly to individuals that panhandle.

Phoenix is full of compassionate and charitable citizens. They want to help those in need. However, giving money to people panhandling doesn't fix problems. To truly help those in need, stop giving money to panhandlers and instead support organizations and services that provide long-lasting care.

CITY MANAGER'S REPORT:

Economic Development & Education

From March 6 to 8, Margaret T. Hance Park will host the annual McDowell Mountain Music Festival (M3F). M3F features three stages with musical acts from around the country, bringing a full weekend of music to downtown Phoenix. The festival also includes a kid's zone, live art, yoga, a drum circle, silent disco, food and beverages, and a vendor marketplace. It is anticipated that approximately 20,000 people will attend.

From Feb. 22 to 26, the Phoenix Convention Center hosted approximately 6,000 delegates at MineXchange: Society for Mining Metallurgy and Exploration 2020 Annual Conference and Expo. This event gathered industry professionals to share ideas, showcase best practices and engage in technical sessions on cutting-edge research. Additionally, there was a large exhibition with more than 500 companies showcasing their latest services and products.

From Feb. 28 to March 1, the Phoenix Convention Center hosted approximately 4,500 attendees for the Arizona Boat Expo and Sales Event. This is Arizona's largest boat Expo event and allowed attendees to see the latest in surf boats, performance boats, pontoons, fishing boats and summer accessories.

On March 5, Ironwood Library invited everyone to celebrate the 100th birthday of the 19th Amendment by taking a look back at the enormous effort it took for women to win full citizenship and the right to vote. As part of the AZ Speaks series, acclaimed local author Jana Bommersbach presented "Hyenas in Petticoats" as she shared the tale of Arizona's suffragettes.

On Feb. 26, the PHXCityCams recorded a meteor streaking across the sky with the north-facing camera. Media outlets, including the Arizona Republic and the Associated Press, inquired about the video and requested permission to use it.

Neighborhoods and Livability

On Feb. 2, the second phase building permit was made available for the Phoenix Suns Practice Facility on 44th Street and Camelback Road. The second phase includes the exterior skin of the building and all interior features of the project. When opened, this facility will allow the Suns to move out of the facility at Talking Stick Arena and clear the way for much anticipated remodeling and upgrades to that facility.

On Feb. 18, Planning and Development staff conducted a fact-finding meeting for Thunderbird Legacy, a new infill, mixed use 25-story high rise development and associated site amenities at 39 E. Jackson Street. The project will consist of a hotel, 200 for-sale units and ground level retail and restaurant use. The project is adjacent to a historic warehouse that will be incorporated into the project, requiring approval from the historic preservation office.

This week, Arts and Culture staff held three grant orientation workshops for operating support and project grant applicants at Burton Barr Library, Goelet A. Beuf Community Center and South Mountain Community College Library. Staff also continues to hold one-on-one meetings with individuals and organizations. The deadline to apply for grant support is March 25.

Social Services Delivery

On Feb. 19, Human Services staff presented to the Fresh Start Social Services Team on the services offered at the Family Advocacy Center. Fresh Start is a non-profit organization that assists women going through life transitions and provides a variety of support services for women to gain independence and self-sufficiency. Fresh Start staff were able to identify clients who may benefit from the victim advocacy services.

On Feb. 17, the Internal Revenue Service (IRS) provided a current report of electronic filings for the City's Volunteer Income Tax Assistance (VITA) sites. To date, 1,028 electronic filings have been submitted, a 14 percent increase from last year, resulting in \$2,139,490 in refunds.

This week, Habitat for Humanity hosted a dedication ceremony to celebrate the completion of the first of 30 new LEED Platinum, Energy Star Certified, affordable homes in the Matthew Henson neighborhood. In February 2018, the vacant lots were conveyed to Habitat for Humanity to construct single family affordable housing for home buyers that are at or below 80 percent of the Area Median Income.

This week, the Choice Neighborhoods ConnectHome program was awarded a \$3,000 GitHub microgrant to provide one year of internet service for 25 donated T-Mobile tablets. The tablets will be distributed to Edison-Eastlake residents who have completed a 4-part digital literacy training, agree to participate in a focus group session and complete the quarterly usage surveys. ConnectHome is continuing to have surveys completed to gather data from residents to close the digital literacy gap.

Recently, Chief Service Officer Michael Hammett was appointed to the Governor's Commission on Service and Volunteerism. Their mission is to provide Arizona communities with opportunities to be strengthened through service and volunteerism.

On March 9, students from Maricopa Community College District (MCCCD) will plant trees and remove invasive species and trash in the Rio Salado Habitat Restoration Area as part of the City's Service Learning Partnership. Parks and Recreation and Public Works are part of the pilot phase of this partnership with MCCCD.

Infrastructure

From Feb. 19 to 21, Street Transportation staff participated in the Meeting of the Minds 2020 Annual Summit. Each year, urban practitioners convene to showcase recent successes and discuss the ongoing challenges facing smart and sustainable cities. Street Transportation staff led a bus tour that highlighted transportation infrastructure and public transportation.

On Feb. 10, Water Services staff received confirmation from Audubon Arizona that a Yuma Ridgway's Rail was discovered to be nesting in the Tres Rios Wetlands during the summer 2019. This endangered bird species is one of three threatened and endangered species protected under the City's Safe Harbor Agreement with the U.S. Fish and Wildlife Service. This appears to be the first confirmed nesting on City lands. These discoveries confirm the ecological benefits that Tres Rios and protected areas are providing for wildlife.
