<b>Request To:</b>	<u>PUD PCD</u> (Planned Unit Development, Planned Community District) (125.30 Acres)
<b>Proposed Use:</b>	Major Amendment to the DC Ranch PCD to allow an amendment to the Aldea Centre PUD to allow multifamily residential
<b>Location:</b>	Northwest corner of 99th Avenue and Missouri Avenue
<b>Owner:</b>	John F. Long Family Revocable Living Trust
<b>Applicant/Representative:</b>	Brian Greathouse, Burch and Cracchiolo
<b>Staff Recommendation:</b>	Approval, subject to stipulations

The purpose of this addendum is to provide an updated site plan.

The Maryvale Village Planning Committee heard this case on May 11, 2022 and recommended denial by a 6-1 vote; however, after the meeting, it was discovered that the applicant failed to meet the notification requirements outlined in the rezoning process packet. The applicant returned to the Village Planning Committee for a recommendation at the next available meeting date. As a result, this case was heard on July 13, 2022 and the Maryvale Village Planning Committee recommended approval, per the staff recommendation by a 6-4 vote.

During the July Maryvale Village Planning Committee meeting, the applicant from Burch and Cracchiolo explained that the proposed multifamily residential development on the south portion of the subject site would be renamed to Cabana Aldea and the site plan was updated to modify the layout of the buildings. The applicant provided an updated site plan for the proposed Cabana multifamily development on August 2, 2022; and building renderings for both the proposed Cabana and Streamline multifamily

developments on August 4, 2022. The updated site plan for the Cabana product modified the configuration of the buildings into different sections with centralized open space for each individual section. The updated site plan for the proposed multifamily development on the south portion of the subject site meets the requirements of the proposed Aldea Center PUD Narrative. Staff recommends adding the updated renderings as an exhibit in the PUD Narrative to ensure there is an illustration related to the design guidelines. This is addressed in Stipulation Nos. 1.g through i. below.

Staff recommends approval, subject to the stipulations provided below:
