The purpose of this addendum is to revise the staff recommended stipulations to account for the archaeological sensitivity of the subject site. At the time the staff report was written, the incorrect stipulations for an archaeologically sensitive site were included in the staff report. Staff was notified of the error by the City Archaeologist, and this addendum serves to replace the existing stipulation with three stipulations that address archaeologically sensitive sites.

On August 9, 2021, the Laveen Village Planning Committee heard this request and approved it per the staff recommendation with additional stipulations and a modification to Stipulation No. 1c by a vote of 11-0. The below stipulations include the additional stipulations recommended by the Laveen Village Planning Committee, in addition to the revised archaeology stipulations and staff's modifications listed above. Staff has also worked with the applicant and a representative of Pulte Homes to clarify Stipulation Nos. 1.d. and 15. Additionally, staff is recommending minor modifications to Stipulation Nos. 4 and 8 for clarity and enforceability.

Staff recommends approval subject to the following revised stipulations:
