Neighborhood Services Blight Buster Volunteers: Highlights and Opportunities

The Neighborhood Services Department's Blight Buster Program is responsible for creating Neighborhood Leaders who are assisting their community with a handful of duties which include fighting blight, such as leading cleanup projects to remove graffiti, reporting illegal signs, filling the role as team leaders for different neighborhood associations that are conducting their first neighborhood cleanups. We are also visiting schools, speaking with young children on how to identify the difference between graffiti and murals, and what the repercussions are if you get caught vandalizing. The program currently has around 75 volunteers that are making a difference in the valley on a daily basis.

If you are interested in hearing more about the program, or joining, please contact volunteer coordinator Lee Staten at 602-495-0564.
