

## Contingencies

The Contingency Fund (also commonly referred to as a “rainy day fund”) provides for revenue shortfalls and unanticipated costs that may occur after the budget is adopted. The possibility of natural disasters, public or employee safety emergencies or up-front costs for productivity opportunities necessitates the need for adequate contingency funds. Use of these contingency funds requires the recommendation of the city manager and City Council approval.

In 1995-96, the City Council adopted a policy to slowly increase the contingency amount to 3 percent of operating expenditures. The following table shows the progression from the 2.5 percent level in 1995-96 to 3 percent in 2000-01. In 2003-04, a budget reduction returned the base to 2.5 percent. In 2004-05 the contingency budget was increased to 2.6 percent of operating expenditures.

The 2005-06 budget increases the contingency amount by \$940,000 maintaining the 2.6 percent level.

The following table also shows set-aside amounts. Set-asides have been used in the past to prepare for known future costs such as declining grant funding and new capital project operating costs. No set-asides are proposed for 2005-06.

### GENERAL FUND CONTINGENCY

The budget reflects an increase in the General Fund contingency from the 2004-05 budgeted level of \$23,800,000 to \$24,740,000. The increase maintains a General Fund contingency equal to 2.6 percent of operating expenditures.

\*Prior to 2001-02, Development Services operating expenditures were included in the General Fund contingency calculation. A separate contingency has been established in that fund.

### OTHER FUND CONTINGENCIES

Similar to the General Fund, other funds also include contingency amounts. The contingency amounts and percentages of total operating expenditures vary to accommodate differences in the volatility of operations and revenues. Use of these amounts requires City Council approval. The following table shows the contingency amount for each of the other funds.

**2005-06 Other Fund Operating Expenditure and Contingency Amount (000's)**
