

This document is intended to provide permit applicants with a list of Third Party Building Plan Reviewers in the disciplines designated by an "X" in the following table. Each individual reviewer is certified by an independent agency such as ICC and IAPMO, and has attended training by city staff on Phoenix Amendments to, and interpretations of, relevant building code.

To qualify for expedited turnaround by the city, all relevant disciplines must be reviewed by Third Party reviewers. Residential Combined certification substitutes for Building, Electrical, Plumbing and Mechanical disciplines. If you have any questions regarding the Phoenix Third Party Building Plan Review Program, please contact Deborah Larkins at 602-495-0473.
