

"I know software and computers, not marketing. Our past marketing efforts have been good, but haven't performed to my expectations. The METRO Consultant helped me understand how and what my customers are thinking, which in turn, has helped me focus my marketing and sales efforts."

"As a small business owner, I don't have the time or resources to develop a marketing plan. The METRO Consultant designed a program that I can use for a post card, brochure and an ad, as well as provided a list of potential leads. It was the complete package!"
