**LAKE PLEASANT WATER TREATMENT PLANT
DESIGN-BUILD-OPERATE PROJECT ? WS85350004
REQUEST FOR QUALIFICATIONS**

ADDENDUM NO. 5

ATTENTION POTENTIAL RESPONDENTS

The following revisions to the above-referenced Request for Qualifications (RFQ), dated November 2000, shall become a part of the RFQ. This Addendum contains a cover page and 1 page of written text, 0 sketches and 0 drawings. Respondents shall acknowledge receipt of this Addendum No. 5 in the Transmittal Letter to their SOQ.

Assistant Water Services Director

Date

NOTICE

On February 9, 2001, the City received statements of qualifications from several vendor teams in response to the RFQ. Throughout the past several months certain events have occurred which in their totality have had the effect of potentially diminishing the competition for the Project. Such events include the withdrawal of one team's statement of qualifications from consideration and the withdrawal of a significant team member from another team's statement of qualifications. To address concerns relating to the potential for reduced competition for the Project, the City has determined that it is in its best interests to provide all Respondents with an opportunity to amend their SOQs to provide the City with their best qualified teams. Modifications and enhancements to Project teams, which may include without limitation the replacement or addition of a Guarantor, Significant Subcontractor or key person, will be taken into consideration and evaluated by the Selection Committee prior to short-listing Respondents. This Addendum No. 5 is intended to implement the foregoing decision of the City.

In response to this Addendum No. 5, each Respondent is required to resubmit the transmittal letter to its SOQ which shall be in the form revised by Addendum No. 4 to the RFQ. All information required to be provided in the revised transmittal letter shall be identical to that contained in the transmittal letter submitted in response to Addendum No. 4, except as otherwise permitted by this Addendum No. 5. The transmittal letter is to be executed by the party or parties who executed the transmittal letter to the original SOQ and any new party or parties to a team as permitted hereunder.

In addition, all supplemental information submitted by a Respondent in response to this Addendum No. 5 shall be in the form and substance required of such information by the RFQ.

Responses to this Addendum No. 5 must be submitted to the Project Manager, Madeline Goddard, by no later than 12:00 noon, MST, on June 25, 2001, at:

Water Services Department
Phoenix City Hall, Eighth Floor
200 West Washington Street
Phoenix, Arizona 85003
Phone: (602) 534-3887
Fax: (602) 495-5843

Any responses received after this deadline will not be considered.

Any questions regarding this Addendum No. 5 should be referred to the Project Manager via either the

telephone number or facsimile number provided above or by email to mgoddard@ci.phoenix.az.us.
