

Encanto Village

General Plan Categories

1 Mixed Use is an integrated variation of uses which may include residential, service, and basic commercial, general office, entertainment, and cultural functions, with a compatible relationship. This category would allow any or all of these uses within an area so categorized to be further determined by more specific plans, which would consider General Plan goals, existing zoning and uses, and site consideration.

2 The street network shown does not constitute the Transportation Plan. Dashed line (---) indicates alignment to be determined.

3 As appropriate, and when in the best interests of the City to protect and preserve mountains and washes as open space, densities adjacent to mountains or washes may be greater than the General Plan category depicted on this plan.

4 Readers of this map are cautioned to refer to the adopted General Plan text and maps in the full document and other Adopted refinements - Special Planning Districts, Redevelopment Plans or Specific Plans for further guidance.
