

City of Phoenix
Public Transit Department

August 8, 2000

**Mission of the City of Phoenix
Citizens Transit Commission**

The Citizens Transit Commission will assure public input and government accountability on all transit and city traffic improvements that are made with the funding provided by Proposition 2000, as approved by the voters on March 14, 2000. The Commission will review the appropriation and program recommendations of the Public Transit Department; annually review the revenue and expenditure of Proposition 2000 funds as well as funding from other sources; conduct public meetings; and formulate and present recommendations to the City Council related to revenue, expenditure, projections, programs and major projects as called for by Proposition 2000.
