Sponsorship Opportunity

Help Us End HIV

Phoenix.gov/HIVPHX

get tested • access care • eliminate stigma

The City of Phoenix Fast-Track Cities is excited to share that we are accepting sponsorship requests for events scheduled through June 30, 2024. We have limited funding available to put towards HIV testing, treatment/prevention, event sponsorships and outreach related activities in the City of Phoenix.

As each one of you play a critical role in ending the epidemic, and know your communities best, please feel free to fill out the following document if you're interested in being considering for a sponsorship. If you have a sponsorship packet, you're welcome to provide, but a packet is not required.

Requests/funding will be reviewed on a monthly basis and considered on a first come, first served basis. Please send the following document at least 60 days in advance of the event to ensure processing time for review, and if approved, payment. Completed sponsorship requests should be emailed to sergio.gomez@phoenix.gov.

Please note a few key details below on this opportunity.

- The main purpose of these sponsorship dollars is to advance the collaborative mission of achieving 95-95-95-0. If you have an event idea, no matter how large or small, we welcome it and look forward to reviewing your request!
- The sponsorship dollars are part of the City of Phoenix's annual budget and cannot be spent on travel. There may be other limitations, please inquire for further details.
- The Fast-Track Cities (FTC) subcommittee Chairs will review and pass on requests to the ad hoc committee for a quarterly review.
- If approved, the City of Phoenix will work with your team directly to garner an invoice and process payment and/or any sponsorship documents.
- If the sponsorship includes FTC tabling or providing a service, we will open up volunteer opportunities as needed/appropriate to the general public.

Thank you in advance for your time. We are excited about this opportunity!

As always, please spread the word!

Best,

City of Phoenix Strategic Initiatives
Fast-Track Cities Ad Hoc Committee
