INFORMATION AND DISCUSSION (ITEM 1)

1 FY 2023-24 City Manager's Proposed Budget

Discussion

City Manager Jeffrey Barton thanked the Council for their leadership and guidance throughout the budget development process. He stated the budget reflects how the Council feels about the capabilities of employees serving residents. Mr. Barton recognized the Budget and Research Department for skilled budget creation and introduced Budget and Research Director Amber Williamson.

Ms. Williamson described the General Fund status, community feedback received and related proposed changes to the General Fund budget, proposed non-General Fund budget additions, and next steps in the budget process.

Mayor Gallego opened the floor to Councilmember questions and comments.

Councilwoman Stark thanked staff for a successful budget proposal with considerations from the Council and community. She said she was pleased to see the increased compensation for City staff. She expressed excitement for cricket, which was proposed in her district. She asked about the possible set-aside funding from the Planning and Development Department for affordable housing permits.

Mr. Barton replied staff would evaluate savings at year-end or during the technical review process to fund a pilot program for waiving permit fees for specific types of development, and staff could submit a potential supplemental for a continuous program in Fiscal Year 2024-25.

Councilwoman Stark understood the need to develop a process to address the important allocation of funds to affordable housing.

Councilwoman Guardado thanked staff and asked if the streetsweeper for bike lanes would be used citywide.

Ms. Williamson replied yes.

Councilwoman Guardado asked if the public can see an online schedule of when their bike lanes would be cleaned.

Mr. Barton responded that recent conversations with the Governor's Office revealed there might be additional funding opportunities.

Street Transportation Director Kini Knudson replied dust control street sweeping currently published schedules and said staff could create a similar process for the bike lane sweeper.

Councilwoman Guardado expressed her preference for the City website to systematically show times of services like bulk trash, bike lane sweeping, and similarly the planned bus stop cleanings. She stated she supported the budget with employee compensation. Councilwoman Guardado thanked District 5 residents for completing budget engagement surveys to express their support of stronger and safer communities with needs such as 911 and Crime Stop operators, bulk trash, more pool openings, and filling Head Start classrooms.

Vice Mayor Ansari expressed excitement about the budget investments, specifically the 22 positions for Urban Park Rangers. She stated she would like to see a program like Glendale's ability to waive fees for affordable housing projects. Vice Mayor Ansari also requested funding for public bathrooms in the downtown core.

Councilwoman Pastor thanked staff for accommodating community meetings and hearing the needs of the arts community. She was appreciative of the inclusion of the Phoenix Day Early Childhood Education Center and Gated Alley Program. She expressed a hope to demonstrate equity across all districts with a schedule for street maintenance and bike lane cleaning. Councilwoman Pastor stated there will be a mass exodus of knowledge when employees leave or retire, and agreed with the need for employee compensation in the budget.

Councilman Waring left the meeting at 3:19 p.m.

Mayor Gallego thanked staff for the important budget process that addressed community feedback in various areas like economic development, affordable housing, service delivery, employee compensation, early childhood education, and homelessness solutions. She expressed hope that Congress would raise the debt ceiling to help the economy upon which the City budget was dependent.

Councilwoman O'Brien thanked staff who worked on the City budget. She agreed with the addition of cricket and the Phoenix Day Early Childhood Education Center. Councilwoman O'Brien asked if the proposed budget has continued funding for supplemental park ranger security.

Parks and Recreation Director Cynthia Aguilar replied the six-month pilot park supplemental security program that ran through July was funded from salary savings. She stated staff was prepared to extend that as needed to fill the time gap for when the third shift park rangers would start.

Councilwoman O'Brien asked if the new 14 third-shift park rangers would monitor the entire park system.

Ms. Aguilar replied yes and added the current pilot program has 24 park rangers across 12 parks.

Councilwoman O'Brien expressed concern about park rangers monitoring a larger area and asked how much funding would be needed for an annual contract for supplemental security service.

Ms. Aguilar responded security services beyond the trail period would need approved funding of \$1.1 million annually.

Ms. Williamson said staff would assist the Parks and Recreation Department to identify savings if it was the will of the Council to continue the contract.

Mr. Barton explained the contract was flexible and emphasized the Human Resources Department could early onboard park rangers to eliminate the gap of patrol in parks.

Councilwoman O'Brien stated constituents were fearful of going backwards due to downtown displacement if there were not additional resources to enforce park rules.

Mr. Barton added there may be a future expansion of the third-shift park rangers dependent on budget status next year.

Councilwoman O'Brien appreciated a conservative budget approach.

Councilwoman Pastor asked how the pilot security program would be phased out and new park rangers would be phased in. She specifically asked if there would be overlap between the security services and park rangers.

Ms. Aguilar replied recruitment was set to begin in May and staff asked current park rangers interested in training to become urban flatland park rangers. She stated the timeline of onboarding may overlap.

Councilwoman Pastor requested there be overlap with the security

service and park rangers for the sharing daily challenges of the parks. She expressed concern of individuals moving from the area around the campus into other districts.

Ms. Aguilar responded daily reports showed type of activity in parks every night.

Mr. Barton stated staff could explore the opportunity for additional contractual spending authority to fill the gap in service.

Councilwoman Pastor requested consideration about 24-hour bathroom safety overnight.

Councilman Robinson asked for clarification that the development of the current contract allows for adjustments.

Mr. Barton replied he would need to evaluate if there could be an extension for spending authority and contract addendums.

Councilwoman Guardado asked if parks with evening safety concerns can be prioritized while hiring park rangers.

Ms. Aguilar responded data drove prioritization of parks in greatest need.

Mr. Barton added many park rangers were in new hire orientations recently.

Mayor Gallego celebrated the first budget meeting together with the newly elected Councilmembers.

Mayor Gallego opened the floor to public comment.

Department of Justice Investigation Update

This report provides information relating to the United States Department of Justice (DOJ) Investigation into the Phoenix Police Department (PPD).

Summary

Since the Department of Justice announced its investigation into the Phoenix Police Department on Aug. 5, 2021, staff have continued to pledge their support and participation. See prior updates on June 30, 2022, Jan. 19, 2023, March 23, 2023, and April 27, 2023.

The investigation focuses on five areas:

- Excessive force in violation of the Fourth Amendment.
- Discriminatory policing that violates the Constitution and federal law.
- Retaliation against those engaged in First Amendment-protected activities.
- Violations of the Americans with Disabilities Act (ADA) related to behavioral health disabilities.
- Violations of the rights of individuals experiencing homelessness with regards to the disposal of their property.

Updates

Technology

- Over the past 16 months, City staff and the DOJ negotiated mutually acceptable conditions to produce body worn camera (BWC) videos. One of the conditions of transfer was that DOJ needed to either obtain a Criminal Justice Information Security (CJIS) clearance or obtain a contract with Evidence.com.
- CJIS is tightly controlled by federal law requiring specific background checks and protections against unauthorized access.
- CJIS covers personal identifying information, fingerprints, criminal background information, copies of private documents or anything else that could be classified as sensitive related to law enforcement.
- FBI does not manage national compliance so each state is responsible for compliance. PPD must obtain approval from the Department of Public Safety, which is the Arizona agency entrusted with enforcing CJIS rules.

- DOJ pursued an FBI waiver of the CJIS clearance requirement for several months in order to gain access to the information on Evidence.com. However, the federal waiver they obtained was not sufficient because it only applied to BWC and Phoenix maintains other evidence on the Evidence.com system.
- Not following CJIS rules could lead to sanctions, penalties, suspension, revocation or monitoring of access to CJIS. These would all have had significant impacts on PPD.
- After 16 months of negotiations, the DOJ recently obtained access to their own portal to Evidence.com, which is where the City of Phoenix shares requested BWC video.

Other Consent Decrees: Baltimore, MD

Background:

On May 8, 2015, weeks after the death of Freddie Gray, the DOJ announced its pattern and practice investigation of Baltimore Police Department (BPD).

The investigation focused on allegations that the BPD:

- Used excessive force, including deadly force,
- Conducted unreasonable stops, searches, seizures, and arrests; and,
- Engaged in discriminatory policing.

Findings:

After a 16-month investigation, on August 10, 2016, the DOJ announced findings that there was reasonable cause to believe the BPD engaged in a pattern or practice of conduct that violates the U.S. Constitution and federal law. DOJ specifically found that BPD:

- Used unreasonable force;
- Made unconstitutional stops, searches, and arrests;
- Discriminated against African Americans in enforcement activities;
- Unlawfully restricted protected speech; and
- Found that BPD's handling of sexual assault investigations raised concerns of gender biased policing.

The DOJ also identified deficiencies in BPD's policies, training, supervision, and accountability systems that contributed to constitutional violations, eroded community trust, and inhibited effective policing.

Agreement in Principle (AIP):

Baltimore entered an Agreement In Principle (AIP) to collaboratively negotiate in good

faith a settlement agreement that included independent monitoring. The AIP focused on the following areas:

- Policies, Training, and Data Collection and Analysis
- Technology and Infrastructure
- Officer Support
- Judicial Enforceability, Independent Monitoring, and Outcome Measures
- Increase in Transparency
- Community Engagement in the Reform Process

Consent Decree and Monitoring

- On April 7, 2017, the US District Court for the District of Maryland approved and entered the proposed Consent Decree as an order of the court.
- The Consent Decree included 511 paragraphs.
- In October 2017, the federal judge appointed a monitoring team that consisted of a lead monitor and a team of experts in policing and police reform, civil rights enforcement, psychology, social science, organizational change, data and technology, and community engagement.
- The consent decree required the monitoring team to prepare a “comprehensive re-assessment” every two years to determine whether the material requirements of the consent decree have been achieved.
- The Second Re-assessment dated Dec. 22, 2022, identified that Baltimore had reached Full/Effective Compliance on only one of 31 areas of monitoring after five years. Compliance of terms must be approved by the Court.
- The Court conducts monthly meetings with the Monitoring team, DOJ and Baltimore staff to discuss areas under the Consent Decree. The City must present results and status of areas of findings. The Court conducts a public hearing every quarter during which the City and BPD, DOJ, and the monitoring team make presentations.
- Policy changes goes through an extensive process of review by DOJ, monitoring teams and then the Court which can take several months.
- Baltimore’s Fiscal Year (FY) 2023 budget identified \$1.1 billion or 33.1 percent of the total budget for Building Public Safety with a goal to “[a]chieve significant progress on implementation and compliance of the federal consent decree, focused on policing practices.” This was a five percent increase from the FY 2022 budget.
- Approximately \$1.5 million annually covers the cost of monitoring.
- A more detailed analysis of financials is pending.

What’s Next:

- City staff will provide status updates of other jurisdictions operating under pattern-or

-practice consent decrees and independent monitors, including further cost analysis.

- Continued production of BWC footage and replying to questions regarding the City's document production.

Sen. Steve Kaiser (R)

Summary

Beginning January 1, 2024, municipalities and other taxing jurisdictions would have been prohibited from levying a transaction privilege, use, or other similar tax or fee on the business of renting or leasing residential property. Some exceptions. By January 1, 2024, the landlord of real property that is rented or leased for residential purposes and that is located in a municipality or other taxing jurisdiction that levies a transaction privilege tax on the business of renting or leasing residential property would have been required to reduce the amount of rent due by an amount equal to the difference caused by the elimination of the transaction privilege tax on the business of renting or leasing residential property. The Arizona Department of Revenue would have been required to electronically notify each residential rental transaction privilege tax licensee of these provisions. From January 1, 2024 through June 30, 2025, the State Treasurer would have been required to distribute proportionately for each month \$14,945,600 from the portion of the revenues derived from transaction privilege taxes that is not designated as the distribution base to the municipalities that levied a transaction privilege tax on

renting or leasing real property for residential purposes during FY2021-22, based on the average amount that the municipality collected from that tax during FY2021-22. Also, municipalities would have been required to use monies paid from revenues collected from a remote seller in the retail transaction privilege tax classification and paid to the municipality as state shared revenue for public safety before any other municipal purpose. Would have applied to tax periods beginning January 1, 2024 and after. AS VETOED BY GOVERNOR. In her veto message, the Governor stated that lowering housing costs is a priority, but that this bill lacks any enforceable mechanism to ensure relief will be provided to renters and includes an appropriation outside of a comprehensive budget agreement.
