City Manager

Subject: GENERAL FUND REVENUE REPORT – 4 MONTHS ACTUAL REVENUE

General Fund (GF) revenue collections of \$555.5 million in October were \$29.4 million or 5.0% lower than the 2023-24 collections of \$584.9 million. The negative growth is primarily due to a 19.4% decline in state-shared income tax revenues and a 34.2% decline in non-tax emergency transportation revenues due in part to prior year accrual adjustments, causing an overstatement of prior year 4-month actuals, which skewed the growth rate of the current year.

Over the past two years, the City has benefited from inflationary pressures and a growing economy, drawing in greater tax revenue from higher-priced taxable goods, a rise in population and increased wages. However, the retail category, which is the largest sales tax category, has experienced a significant slowdown since June 2022. In 2023-24, city retail sales tax grew by 3.1%, which is the slowest growth rate since 2012-13. Furthermore, city retail sales tax grew only 0.5% in the first four months of the current fiscal year. According to the July 2024 Joint Legislative Budget Committee Monthly Fiscal Report, the slower growth in retail sales in Arizona appears to be part of a wider, national trend. Per the report, the slower growth in retail sales can be attributed to several factors, including a continued shift in consumer spending from goods to services, slower real (inflation-adjusted) wage growth, depleted excess savings built up during the pandemic, rising credit card debts and higher interest rates to finance big-ticket purchases such as motor vehicles and major household appliances. Additionally, sales tax collections from contracting and hotel/motel have declined compared to the year-to-date amounts from last year.

It's also important to note, year-to-date city sales tax growth of 1.6% is not sustainable due to SB 1131, which eliminates residential rental sales tax effective January 2025. Additionally, the budgeted growth for 2024-25 of -19.0% in state-shared income tax is impacted by SB 1828, which lowered the graduated personal income rates to a flat tax of 2.5%. These legislative changes, combined with a slowdown in certain sales tax categories like retail, are the primary reasons why the total GF budgeted revenue for 2024-25 is -3.2%.

Economic conditions continue to be highly uncertain and difficult to predict. Key risk factors include inflation and interest rates, market volatility, potential changes in presidential policies, global events and geopolitical conflicts, ongoing supply chain disruptions, technological and structural shifts that could impact the labor market, and changes in consumer confidence and spending patterns. Staff will closely monitor monthly revenue data and look to our trusted economic sources over the next few months to develop revised estimates for the current fiscal year and 2025-26. Additionally, staff will also work with the University of Arizona's Economic Business Research Center to update the econometric sales tax model used to estimate sales

tax in preparation for the GF Status and Multi-Year Forecast scheduled to be presented to City Council in February 2025.

General Fund Sales Tax (June – September Business Activity)

In the first four months of 2024-25, the combined GF revenue from city and state-shared sales tax was \$323.0 million, reflecting growth of 1.0% compared to 2023-24.

City Sales Tax: Year-to-date (YTD) 2024-25 collections were \$242.8 million, representing 1.6% growth compared to 2023-24.

The cumulative October year-over-year (YOY) growth percentages in key categories of city sales tax include:

- retail: 0.5% (adjusted from -3.7% to 0.5% due to the Arizona Department of Revenue (ADOR) shifting monies from the Use Tax to Retail category, causing an artificial increase in Retail and negative collections in the Use Tax category in August and October 2023).
- contracting: -14.5%
- restaurants & bars: 1.2%
- hotel/motel: -1.0%
- telecommunications: 0.0%
- commercial property rentals: 1.3%

State-Shared Sales Tax: YTD 2024-25 collections were \$80.2 million, or -0.7% growth compared to 2023-24. However, after accounting for the technical adjustments by ADOR in August and October 2023, the adjusted growth rate would be 1.5% in October 2024.

The cumulative October YOY growth percentages in key categories of state sales tax include:

- retail: 1.0% (adjusted from -2.2% to 1.0% due to ADOR shifting monies from the Use Tax to the Retail category, causing an artificial increase in the Retail category in August and October 2023).
- contracting: 3.4%
- restaurants & bars: 1.0%
- hotel/motel: 1.2%
- communications: -0.7%

General Fund Revenue

TOTAL GENERAL FUND REVENUE

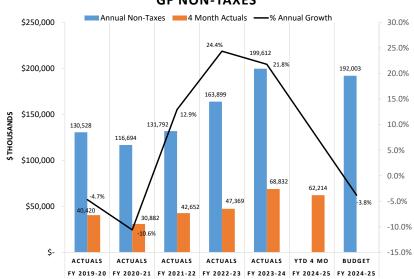

GF LOCAL TAXES

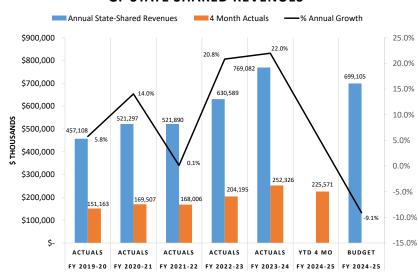

GF NON-TAXES

GF STATE SHARED REVENUES

Notes

- Total General Fund (GF) revenues at four months of \$555.5 million, reflecting a year-over-year (YOY) growth of -5.0%. The negative growth is primarily due to lower state shared income tax revenues and non-tax accounting accruals in the prior year, skewing prior year 4-month actuals in the non-tax revenue category.
- Local taxes represent approximately \$952.5 million, or 51.7% of total GF collections. Local taxes are comprised primarily of property and city sales taxes. City sales taxes include various categories, such as retail/remote sales and contracting. The retail category has experienced a continuous slowdown, with an average growth rate of only 0.5% for the current fiscal year, significantly slower than the YOY monthly growth rates ranging from 10.8% to 23.9% from July 2021 through May 2022. As retail sales tax represents the largest sales tax category, this slowdown will be consistently and closely monitored in the coming months. Furthermore, sales tax collections from construction contracting, and hotels/motels have declined compared to last year.
- Total non-tax revenues represent approximately \$192.0 million, or 10.4% of total annual GF revenues. The YOY decrease of \$6.6 million (9.6%) is primarily attributable to non-tax emergency transportation accounting accruals and bad-debt allowances accruals in the prior year, skewing prior year 4-month actuals in the non-tax revenue category.
- State-Shared revenues represent \$699.1 million, or 37.9% of total annual GF collections and are comprised of state sales, income, and vehicle license taxes. Like city retail sales tax, state retail sales tax grew slower, averaging 1.1% this fiscal year, compared to double-digit growth rates ranging from 10.5% to 19.7% from July 2021 through May 2022. According to the recent JLBC fiscal reports, the slower growth in retail sales in Arizona appears to be part of a wider, national trend. The slower growth in retail sales can be attributed to several factors, including a continued shift in consumer spending from goods to services, slower real (inflation-adjusted) wage growth, depleted excess savings built up during the pandemic, rising credit card debts and higher interest rates to finance big-ticket purchases such as motor vehicles and major household appliances. State shared income tax is trending lower than last year (-19.4%), is based on collections received by the state from two years prior, reflecting the income tax cut, and aligns with the estimate. The YOY state-shared vehicle license tax increased by 7.9% in October 2024.

^{2/} In August and October 2023 (FY 2023-24), ADOR made the technical adjustments to shift monies from the Use Tax category to the Retail categoy, which artificially increased the Retail collections and decreased the Use Tax collections. In addition, a refund issued further contributed to the artificial reduction in Use Tax collections in August 2023. Absent these technical adjustments, the adjusted growth rates for Retail and Use Tax categories are -0.4% and 17.2% in August 2024, and 2.8% and -19.2% in October 2024.

^{1/} The projected 100% negative growth from February through June 2025 is due to the elimination of residential rental sales tax, effective January 1, 2025.

19.1% in October 2024.

GASB (26) -119.7%
In August and October 2023 (FY 2023-24), ADOR made the technical adjustments to shift monies from the Use Tax category to the Retail categoy, which artificially increased the Retail collections and decreased the Use Tax collections. In addition, a refund issued further contributed to the artificial reduction in Use Tax collections in August 2023. Absent these technical adjustments, the adjusted growth rates for Retail and Use Tax categories are -0.4% and 16.8% in August 2024, and 2.7% and -

In August and October 2023 (FY 2023-24), ADOR made the technical adjustments to shift monies from the Use Tax category to the Retail categoy, which artificially increased the Retail collections and decreased the Use Tax collections. In addition, a refund issued further contributed to the artificial reduction in Use Tax collections in August 2023. Absent these technical adjustments, the adjusted growth rates for Retail and Use Tax categories are -0.4% and 17.2% in August 2024, and 2.7% and -19.3% in October 2024.

^{1/}The high collection levels in August and September of FY 2023-24 were due to reporting discrepancies, leading to an overstatement in the General Fund and an understatement in the Public Safety Enhancement Fund. Tax liabilities are self-assessed and reported to the Arizona Department of Revenue, and revenues must be allocated across City funds as reported. These discrepancies temporarily impacted allocations while taxpayer outreach and education efforts were underway. The significant collections in January resulted from resolving these reporting discrepancies.

^{1/} The projected 100% negative growth from February through June 2025 is due to the elimination of residential rental sales tax, effective January 1, 2025.

^{2/} In August and October 2023 (FY 2023-24), ADOR made the technical adjustments to shift monies from the Use Tax category to the Retail categoy, which artificially increased the Retail collections and decreased the Use Tax collections. In addition, a refund issued further contributed to the artificial reduction in Use Tax collections in August 2023. Absent these technical adjustments, the adjusted growth rates for Retail and Use Tax categories are -0.4% and 17.2% in August 2024, and 2.8% and -19.2% in October 2024.

^{1/} In August and October 2023 (FY 2023-24), ADOR made the technical adjustments to shift monies from the Use Tax category to the Retail category to correct the past misreporting of collections. Absent these technical adjustments, Retail growth in August and October 2024 would have been 3.8% and 3.0%, respectively.

Notes

- 33.0% to community colleges
- 31.4% to local law enforcement and fire departments for personnel costs
- 25.4% to the Arizona Highway User Revenue fund (AHUR)
- 10.0% to the Justice Reinvestment fund
- 0.2% to the Attorney General, or to grant to localities for enforcement

^{1/} In the November 3, 2020 General Election, voters approved the Smart and Safe Arizona Act (Proposition 207), which has become effective to govern the possession, sale, and taxation of Recreational marijuana in Arizona. In January 2021, the City started collecting sales tax from Recreational marijuana sales. However, the business activity in January was not reported until February 2021.

^{2/} The additional 16% excise tax is deposited into the Smart and Safe Arizona Fund (SSAF). SSAF monies are first used to pay administrative costs of certain state agencies. The remainder of these monies will then be distributed on or before June 30 and December 31 of each year as follows:

^{3/}On June 16, 2021, the City Council adopted the pension funding policy that designated the General Fund (GF) portion of the City Sales tax from Recreational (non-medical) MJ retail sales and the state-shared 16% excise tax on the MJ sales for Police and Fire personnel costs to paying down public safety pension liability.
