OUTSTANDING JUNIOR OBLIGATIONS

There are currently no outstanding Junior Obligations.

OUTSTANDING SUBORDINATED JUNIOR OBLIGATIONS

The City also entered into leases with the City of Phoenix Civic Improvement Corporation to finance the acquisition of certain municipal facilities, consisting of real property and equipment. The Corporation issued bonds for payment of the acquisition costs, and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations, although there are currently no junior lien excise tax obligations outstanding.

The City entered into lease and leaseback agreements with the City of Phoenix Civic Improvement Corporation for the purpose of acquiring and constructing a downtown multipurpose arena. The Corporation issued bonds for the payment of the City's portion of land acquisition and construction costs and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations.

The City entered into a leaseback agreement with the Phoenix Civic Plaza Building Corporation for the purpose of acquiring the site for and constructing and equipping a multi-level parking structure to serve the downtown area of the City. The Corporation issued bonds for the payment of acquisition and construction costs and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations. These bonds have been refunded through the City of Phoenix Civic Improvement Corporation.

The City entered into a leaseback agreement with the City of Phoenix Civic Improvement Corporation for the purpose of financing the acquisition of certain real property as well as the construction of certain improvements to the City's solid waste system. The Corporation issued bonds for the payment of acquisition and construction costs and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations. In keeping with the City's policy of maintaining the City's solid waste system as a self-supporting enterprise, solid waste revenues are used to pay the debt service on bonds issued by the Corporation for solid waste improvements.

The City entered into a loan agreement with the City of Phoenix Civic Improvement Corporation to finance a portion of the costs to construct, expand, modify and improve the Phoenix Convention Center. The Corporation issued bonds to fund a portion of the costs of the Phoenix Convention Center expansion project and the City pledged its excise tax collections to make loan payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations.

The City entered into a loan agreement with the City of Phoenix Civic Improvement Corporation for the purpose of financing the renovation of the 100 West Washington building, which after completion, will serve as the new Police Department Headquarters. The Corporation issued bonds to fund significant infrastructure upgrades and other build-out costs including the 911 call and dispatch center, which will be operating 24/7/365. The City pledged its excise tax collections to make loan payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations.

The City entered into a loan agreement with the City of Phoenix Civic Improvement Corporation to finance or reimburse for costs of acquiring, constructing, expanding and improving real and personal property for technology upgrades, solid waste facilities and equipment, public safety property, systems and equipment and other municipal facilities for the City plus related financing costs. The City pledged its excise tax collections to make loan payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations.

As of January 1, 2025 there are no Senior Obligations outstanding, but the senior lien priority remains available for future use if necessary.

(1) Debt service requirements on \$12,980,000 of these obligations are supported by solid waste revenues.

(2) Debt service requirements on \$26,865,000 of these obligations are supported by solid waste revenues.

The City has agreed not to further encumber the Excise Taxes on a parity with the payments under the leaseback agreements unless the Prior Excise Taxes are at least equal to the highest combined total of the following for any succeeding 12 months: (i) principal and interest requirements on the Senior Obligations and the Junior Obligations during such period, plus (ii) two times the principal and interest requirements for all Subordinated Junior Obligations including the Bonds and parity obligations then outstanding and proposed to be issued during such period. In computing the interest requirements on obligations which bear or are to bear interest at a variable interest rate, such interest requirements shall be assumed to be a fixed interest rate equal to the greater of: (1) 9.2% or (2) (a) if any variable rate obligations secured by a pledge of Excise Taxes are outstanding, the highest variable rate actually borne by such obligations over the previous 24 months, or (b) if no such variable rate obligations are outstanding, then the highest rate borne by variable rate obligations over the previous 24 months for which the interest rate is computed by reference to an index, or based on factors, comparable to that to be utilized for the proposed obligations.

The City entered into a loan agreement with the City of Phoenix Civic Improvement Corporation to finance a portion of the costs to construct, expand, modify and improve the Phoenix Convention Center to create additional rentable convention space (the "Convention Center Project"). The Corporation issued bonds (the "State Distribution Bonds") to fund a portion of the costs of the Convention Center Project. The source of revenue for the City's payment under the loan agreement is State distributions the City receives pursuant to legislation passed in 2003 authorizing up to fifty percent State funding for certain convention center developments in the State (the "2003 Legislation"). On April 6, 2011, the Governor of the State of Arizona signed into law Senate Bill 1616 ("SB1616") revising the annual amount of State monies distributed to the City of Phoenix to pay debt service on the State Distribution Bonds. The revised schedule of State distributions will be sufficient to make loan payments when due and the City has agreed to make the loan payments required to pay debt service on the bonds when due from the State distributions. The State Distribution Bonds will be paid and secured solely by the State distribution under the 2003 Legislation. The first State distribution was received on August 1, 2009, and payments continue to be made on time.

The 2003 Legislation also requires the State Auditor General to conduct or contract for an economic and fiscal impact analysis of the Phoenix Convention Center expansion on State revenues beginning in its fifth year of operation after completion in January 2009. Under an amendment to the 2003 Legislation, beginning in 2014 and each year thereafter, if the Auditor General determines that the State has paid more in cumulative distributions than has been received in incremental revenue to the State general fund as a result of the Convention Center Project, the State can withhold State-Shared Sales Taxes from the next regularly scheduled distribution in an amount necessary to remedy the cumulative deficiency. The 2023 Economic and Fiscal Impact Analysis Update report released by the State Auditor General stated that from calendar year 2009 through calendar year 2022, the Phoenix Convention Center generated \$7.0 million more in incremental revenue to the State general fund than had been paid out in cumulative distributions. Assuming moderate levels of event demand and inflationary growth of visitor spending, the report projects the Phoenix Convention Center would continue to have a net positive impact on the State general fund, but the City is unable to predict at this time whether the State may pay more in cumulative distributions than it receives in incremental revenue as a result of the Convention Center Project or to what extent State-Shared Revenues may be withheld or what defenses the City may have to such action. A debt service schedule for the State Distribution Bonds is set forth on the following page.

As part of the State's fiscal year 2021-22 budget, on June 30, 2021, the then-Governor of the State signed Senate Bill 1828 ("SB1828"), which will consolidate the State's current four personal income tax rate categories into a single flat rate of 2.5% over a three-year period, beginning after December 31, 2021. Legislative reports produced at the time SB1828 was signed indicate that such a rate consolidation will result in an estimated \$1.3 billion or greater annual reduction in income tax receipts by the State, with a concurrent reduction in State-Shared Income Taxes for Arizona cities and towns. In order to partially mitigate impacts of the expected loss in State-Shared Income Taxes, SB1828 increased, beginning in fiscal year 2023-24, the percentage of Arizona State income taxes shared with cities and towns from 15% to 18%. The estimated revenue loss to the City from the reduction in State-Shared Income Taxes as a result of SB1828 for fiscal years 2024-25, 2025-26 and 2026-27 compared to the amounts previously estimated by the Legislature's Joint Legislative Budget Committee is approximately \$36 million, \$43 million, and \$41 million, respectively.

- (1) Receipts do not include revenues from the 0.1% increase in the City’s privilege license (sales) tax rate approved by City of Phoenix voters on October 5, 1993. The revenues produced by the increase must be used to add police officers and firefighters and to expand neighborhood programs designed to deter crime. The increase affects all privilege license tax categories except advertising, utilities, cable television, jet fuel, telecommunications and mining and became effective December 1, 1993. The revenues resulting from this increase totaled \$36.2 million in 2019-20, \$40.9 in 2020-21, \$49.2 in 2021-22, \$53.1 in 2022-23, and \$55.0 million in 2023-24.

Receipts do not include revenues from the 0.1% increase in the City’s privilege license (sales) tax rate approved by City of Phoenix voters on September 7, 1999, and to be levied for a 10-year period beginning November 1, 1999. The revenues produced by the increase will be used for the acquisition of desert preserve open space and the development and improvement of regional and neighborhood parks located within the City. On May 20, 2008, City of Phoenix voters approved a 30-year extension of this tax. This extension also increases the possible uses of these funds to include operational expenses such as salaries for park rangers and maintenance workers. Forty percent of the revenues produced by the extension will be used to acquire land for Phoenix’s Sonoran Preserve. The remaining sixty percent will be used to finance improvements to parks throughout the City. The extension became effective July 1, 2008. The increase affects all privilege license tax categories except advertising, utilities, cable television, jet fuel, telecommunications, and mining. The revenues resulting from this increase totaled \$36.2 million in 2019-20, \$40.9 in 2020-21, \$49.2 in 2021-22, \$53.1 in 2022-23, and \$55.0 million in 2023-24.

Receipts do not include revenues from the 0.4% increase in the City’s privilege license (sales) tax rate approved by City of Phoenix voters on March 14, 2000, and to be levied for a 20-year period. The revenues produced by the increase will be used for expanded bus service, the construction of a light rail system and other transportation improvements. The increase affects all privilege license tax categories except advertising, utilities, cable television, jet fuel, telecommunications, and mining and became effective June 1, 2000. On August 25, 2015, voters approved a new comprehensive transportation plan and funding tax proposal that increased the existing tax rate to 0.7%, effective January 1, 2016, with a sunset date of December 31, 2050. The revenues resulting from the increase totaled \$247.6 million in 2019-20, \$279.3 in 2020-21, \$335.6 in 2021-22, \$362.5 in 2022-23, and \$376.2 million in 2023-24.

Receipts do not include revenues from the 0.2% increase in the City’s privilege license (sales) tax rate approved by City of Phoenix voters on September 11, 2007. Eighty percent of the revenues produced by the increase will be used by the Phoenix Police Department to recruit, hire, train and equip at least 500 police officers and police personnel; hire crime scene investigation (“CSI”) forensic teams; and to make service calls more efficient. Twenty percent of the revenues produced by the increase will be used by the Phoenix Fire Department to recruit, hire, train and equip at least 100 firefighters and fire personnel to improve fire protection services. The increase affects all privilege license tax categories except advertising, utilities, cable television, jet fuel, telecommunications and mining and became effective December 1, 2007. The revenues resulting from this increase totaled \$72.5 million in 2019-20, \$81.9 in 2020-21, \$98.3 in 2021-22, \$106.3 in 2022-23, and \$110.0 million in 2023-24.

- (2) On March 8, 2005, Phoenix voters approved new franchise agreements between the City and certain utilities. Effective May 1, 2005, the 2.0% privilege (sales) tax credit offset from franchise fees paid to the City by persons engaged in or continuing in the business of producing, providing, or furnishing utility services was eliminated. The effect of the elimination of the tax credit was an increase in utility & franchise fee collections \$24.0 million in 2019-20, \$24.5 in 2020-21, \$26.5 in 2021-22, \$30.1 in 2022-23, and \$31.3 million in 2023-24.
- (3) As part of the State’s fiscal year 2021-22 budget, on June 30, 2021, the then-Governor of the State signed Senate Bill 1828 (“SB1828”), which will consolidate the State’s current four personal income tax rate categories into a single flat rate of 2.5% over a three-year period, beginning after December 31, 2021. Legislative reports produced at the time SB1828 was signed indicate that such a rate consolidation will result in an estimated \$1.3 billion or greater annual reduction in income tax receipts by the State, with a concurrent reduction in State-Shared Income Taxes for Arizona cities and towns. In order to partially mitigate impacts of the expected loss in State-Shared Income Taxes, SB1828 increased, beginning in fiscal year 2023-24, the percentage of Arizona State income taxes shared with cities and towns from 15% to 18%. The estimated revenue loss to the City from the reduction in State-Shared Income Taxes as a result of SB1828 for fiscal years 2024-25, 2025-26 and 2026-27 compared to the amounts previously estimated by the Legislature’s Joint Legislative Budget Committee is approximately \$36 million, \$43 million, and \$41 million, respectively.

OTHER LONG-TERM OBLIGATIONS

The City executed purchase and lease agreements with the City of Phoenix Civic Improvement Corporation (the “*Corporation*”) for the construction of a municipal building, a Phoenix municipal courthouse building, a city parking garage, and to finance the acquisition of certain municipal facilities, consisting of real property and equipment.

Under the terms of these agreements, the City has agreed to make lease and purchase payments in amounts sufficient to pay principal and interest on bonds issued by the Corporation to finance the facilities, and has pledged its excise tax collections for these payments. The City’s excise tax collections in 2019-20 totaled \$1,001.3 million, in 2020-21 totaled \$1,112.3 million, in 2021-22 totaled \$1,252.2 million, in 2022-23 totaled \$1,432.5 million, and in 2023-24 totaled \$1,595.7 million.

On October 5, 1993, voters approved a 0.1% increase in the City’s transaction privilege tax rate. The revenues produced by the increase must be used to add police officers and firefighters and to expand neighborhood programs designed to deter crime.

On September 7, 1999, voters approved a 0.1% increase in the City’s transaction privilege tax rate to be levied for a 10-year period. The revenues produced by the increase will be used for the acquisition of desert preserve open space and the development and improvement of regional and neighborhood parks located within the City. On May 20, 2008, City of Phoenix voters approved a 30-year extension of the 0.1% tax for the acquisition of desert preserve open space and the development and improvement of regional and neighborhood parks in Phoenix. This extension will also expand the possible uses of these funds to include operational expenses such as salaries for park rangers and maintenance workers. Forty percent of the revenues produced by the extension will be used to acquire land for Phoenix’s Sonoran Preserve. The remaining sixty percent will be used to finance improvements to parks throughout the City.

On March 14, 2000, City of Phoenix residents approved a 0.4% increase in the City’s transaction privilege (sales) tax rate to be levied for a 20-year period dedicated to transit improvements (the “*Transit Sales Tax*”). Transit improvements included expanded local bus and Dial-A-Ride service, bus rapid transit service, neighborhood circulators, and the construction and operation of a light rail system. In addition, the tax provided funding for 500 bus pull-outs, 100 miles of bike lanes and left-turn arrows at all major intersections.

On August 25, 2015, voters approved a new comprehensive transportation plan and funding tax proposal that increased the existing Transit Sales Tax dedicated for transportation. The dedicated Transit Sales Tax rate was increased from the previous 0.4% sales tax rate to 0.7% and became effective January 1, 2016, with a sunset date of December 31, 2050. The increased Transit Sales Tax will continue to fund expanded local bus and Dial-A-Ride service, bus rapid transit service, neighborhood circulators and the operation of the light rail system. The increased Transit Sales Tax will also provide for expanded bus and light rail service hours and routes, high capacity transit corridors, and infrastructure improvements to bus stops, maintenance facilities and transit centers. In addition, the increased Transit Sales Tax will provide for street improvements including pavement maintenance, new bicycle lanes, sidewalk installation and traffic signal enhancements.

On September 11, 2007, voters approved a 0.2% increase in the City’s transaction privilege tax rate. Eighty percent of the revenues produced by the increase will be used by the Phoenix Police Department to recruit, hire, train and equip at least 500 police officers and police personnel; hire crime scene investigation (“*CSF*”) forensic teams; and to make service calls more efficient. Twenty percent of the revenues produced by the increase will be used by the Phoenix Fire Department to recruit, hire, train and equip at least 100 firefighters and fire personnel to improve fire protection services.

The City also entered into leases with the City of Phoenix Civic Improvement Corporation to finance the acquisition of certain municipal facilities, consisting of real property and equipment. The Corporation issued bonds for payment of the acquisition costs, and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations, although there are currently no junior lien excise tax obligations outstanding.

The City entered into lease and leaseback agreements with the City of Phoenix Civic Improvement Corporation for the purpose of acquiring and constructing a downtown multipurpose arena. The Corporation issued bonds for the payment of the City's portion of land acquisition and construction costs and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on senior lien and junior lien excise tax obligations.

The City entered into a leaseback agreement with the Phoenix Civic Plaza Building Corporation for the purpose of acquiring the site for and constructing and equipping a multi-level parking structure to serve the downtown area of the City. The Corporation issued bonds for the payment of acquisition and construction costs and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations. These bonds have been refunded through the City of Phoenix Civic Improvement Corporation.

The City entered into a leaseback agreement with the City of Phoenix Civic Improvement Corporation for the purpose of financing the acquisition of certain real property as well as the construction of certain improvements to the City's solid waste system. The Corporation issued bonds for the payment of acquisition and construction costs and the City pledged its excise tax collections to make lease payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations. In keeping with the City's policy of maintaining the City's solid waste system as a self-supporting enterprise, solid waste revenues are used to pay the debt service on bonds issued by the Corporation for solid waste improvements.

The City entered into a loan agreement with the City of Phoenix Civic Improvement Corporation to finance a portion of the costs to construct, expand, modify and improve the Phoenix Convention Center. The Corporation issued bonds to fund a portion of the costs of the Phoenix Convention Center expansion project and the City pledged its excise tax collections to make loan payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations.

The City entered into a loan agreement with the City of Phoenix Civic Improvement Corporation for the purpose of financing the renovation of the 100 West Washington building, which after completion, will serve as the new Police Department Headquarters. The Corporation issued bonds to fund significant infrastructure upgrades and other build-out costs including the 911 call and dispatch center, which will be operating 24/7/365. The City pledged its excise tax collections to make loan payments sufficient to pay principal and interest on the bonds. This pledge is on a parity with all other outstanding subordinated excise tax obligations and is subordinate to the pledge on all outstanding senior lien and junior lien excise tax obligations.

As of January 1, 2025 there are no Senior Obligations or Junior Obligations outstanding, but the senior lien priority and junior lien priority remain available for future use if necessary.

The City entered into a Revolving Credit Agreement dated June 4, 2020 (the “*Transportation Excise Tax Revolving Credit Agreement*”) with Bank of America, N.A. (the “*Transportation Excise Tax Credit Agreement Provider*”) which extended an initial three-year loan of \$200,000,000 to finance transportation improvements. In May 2023, the City extended the term of the Transportation Excise Tax Revolving Credit Agreement for an additional two years.

The Transportation Excise Tax Revolving Credit Agreement remains in effect until June 2, 2025 (the “*Credit Commitment Period*”), during which the City may borrow, repay and re-borrow amounts, but not exceeding \$200,000,000 outstanding in the aggregate at any one time (each a “*Loan*”). Loans made under the Transportation Excise Tax Revolving Credit Agreement will be payable solely from the Transit Sales Tax. For more information on the Transit Sales Tax see, “*Other Long-Term Obligations*”. If the City elects to borrow additional amounts under the Transportation Excise Tax Revolving Credit Agreement that are outstanding at the end of the Credit Commitment Period, the City can, subject to certain conditions, convert the borrowing to a three-year term loan payable in twelve equal quarterly principal installments ending on June 2, 2028.

Upon an event of default under the Revolving Credit Agreement, the Credit Agreement Provider may terminate its lending commitment but there is no provision for acceleration of current payment obligation.

The City entered into a loan agreement with the City of Phoenix Civic Improvement Corporation to finance a portion of the costs to construct, expand, modify and improve the Phoenix Convention Center to create additional rentable convention space (the "*Convention Center Project*"). The Corporation issued bonds (the "*State Distribution Bonds*") to fund a portion of the costs of the Convention Center Project. The source of revenue for the City's payment under the loan agreement is State distributions the City receives pursuant to legislation passed in 2003 authorizing up to fifty percent State funding for certain convention center developments in the State (the "*2003 Legislation*"). On April 6, 2011, the Governor of the State of Arizona signed into law Senate Bill ("*SB*") 1616 revising the annual amount of State monies distributed to the City of Phoenix to pay debt service on the State Distribution Bonds. The revised schedule of State distributions will be sufficient to make loan payments when due and the City has agreed to make the loan payments required to pay debt service on the bonds when due from the State distributions. The first State distribution was received on August 1, 2009 and payments continue to be made on time.

The 2003 Legislation also requires the State Auditor General to conduct or contract for an economic and fiscal impact analysis of the Phoenix Convention Center expansion on State revenues beginning in its fifth year of operation after completion in January 2009. Under an amendment to the 2003 Legislation, beginning in 2014 and each year thereafter, if the Auditor General determines that the State has paid more in cumulative distributions than has been received in incremental revenue to the State general fund as a result of the Convention Center Project, the State can withhold State-Shared Sales Taxes from the next regularly scheduled distribution in an amount necessary to remedy the cumulative deficiency. The 2023 Economic and Fiscal Impact Analysis Update report released by the State Auditor General stated that from calendar year 2009 through calendar year 2022, the Phoenix Convention Center generated \$7.0 million more in incremental revenue to the State general fund than had been paid out in cumulative distributions. Assuming moderate levels of event demand and inflationary growth of visitor spending, the report projects the Phoenix Convention Center would continue to have a net positive impact on the State general fund, but the City is unable to predict at this time whether the State may pay more in cumulative distributions than it receives in incremental revenue as a result of the Convention Center Project or to what extent State-Shared Revenues may be withheld or what defenses the City may have to such action. A debt service schedule for the State Distribution Bonds is set forth on the following page.

- (1) 100% of debt service due on or before July 1, 2026 on these bonds is also secured by an irrevocable commitment of net proceeds of a passenger facility charge imposed by the City and collected on behalf of the City by non-exempt passenger air carriers at Phoenix Sky Harbor International Airport. The passenger facility charge is currently imposed at the rate of \$4.50 per qualifying enplaned passenger, and is required to be remitted to the City less any accrued interest and an \$0.11 per passenger facility charge airline collection fee.
- (2) Represents bonds issued as Recovery Zone Economic Development Bonds (“*RZEDB*”) for purposes of the American Recovery and Reinvestment Act of 2009 and the Internal Revenue Code of 1986. Subject to the City’s compliance with certain requirements of the Code, the City expects to receive semiannual cash subsidy payments rebating a portion of the interest on these bonds from the United States Treasury in an amount equal to 45% of the interest payable each respective interest payment date. Effective October 1, 2013, the federal government implemented certain automatic budget cuts known as the sequester, which resulted in a reduction of the federal subsidy payments over the past several years. The reduction is 5.7% for the federal government’s fiscal year ending September 30, 2024 (the “Sequester Reductions”). The City does not expect the Sequester Reductions to have a material adverse effect on its ability to make payments of interest on this issue.
- (3) 30% of debt service due on or before July 1, 2026 on these bonds is also secured by an irrevocable commitment of net proceeds of a passenger facility charge imposed by the City and collected on behalf of the City by non-exempt passenger air carriers at Phoenix Sky Harbor International Airport.
- (4) 93% of debt service due on or before July 1, 2026 on these bonds is also secured by an irrevocable commitment of net proceeds of a passenger facility charge imposed by the City and collected on behalf of the City by non-exempt passenger air carriers at Phoenix Sky Harbor International Airport.

The City entered into loan agreements with WIFA to finance the replacement of the Broadway Road Interceptor, rehabilitate approximately 41,000 linear feet of small diameter sewer, construct relief sewers in the southwest portion of the City and finance sewer line replacements. WIFA loaned funds derived in whole or in part from the United States Environmental Protection Agency pursuant to the federal American Recovery and Reinvestment Act of 2009 and pursuant to the Infrastructure and Investment Jobs Act. The City made a junior lien pledge of the net operating revenues of the wastewater system for the payment of principal and interest on the loans. Amounts due on the loans pursuant to the loan agreements are as follows:

(1) Amount does not include \$1,000,000 loaned to the City but not required to be repaid pursuant to the American Recovery and Reinvestment Act and Bipartisan Infrastructure Law (the “*Forgivable Principal*”). Failure by the City to comply with all requirements of the loan agreement may result in a default under the loan agreement and cause the *Forgivable Principal* to be owed by the City. As of January 1, 2025 the City has not drawn any funds.

The City entered into a Revolving Credit Agreement dated April 28, 2022 (the “*Wastewater Revolving Credit Agreement*”) with JPMorgan Chase Bank, National Association (the “*Wastewater Credit Agreement Provider*”) for a three-year loan period ending on April 25, 2025, during which the City may borrow, repay and re-borrow amounts, but not exceeding \$200,000,000 outstanding in the aggregate at any one time (each a “*Loan*”). The initial Loan was prepaid in full on November 28, 2023 from proceeds of the Junior Lien Wastewater System Revenue Bonds, Series 2023. Loans made under the Wastewater Revolving Credit Agreement (such loans, together with any obligations on a parity therewith, the “*Junior Subordinate Lien Obligations*”) are payable from Wastewater System Designated Revenues pledged to the City of Phoenix Civic Improvement Corporation Junior Lien System Revenue Bonds (“*Junior Lien Obligations*”) but are junior and subordinate to the Junior Lien Obligations. If any loans under the Wastewater Revolving Credit Agreement are outstanding on April 25, 2025, the City can, subject to certain conditions, convert the borrowing to a three-year term loan payable in twelve equal quarterly principal installments ending on April 25, 2028.

As of January 1, 2025, there is no Wastewater Revolving Loan outstanding.

Upon an event of default under the Wastewater Revolving Credit Agreement, the Wastewater Credit Agreement Provider may declare all amounts due (collectively, “*Payment Obligations*”) immediately due and payable. Events of default include, but are not limited to, failure to pay amounts to the Wastewater Credit Agreement Provider by the applicable grace period, failure to perform certain covenants such as issuance of obligations in violation of additional bonds test, sale of the City Wastewater System property in violation of applicable covenants, acceleration of other obligations payable from Wastewater System revenues on any lien in an amount of at least \$5,000,000, certain litigation, bankruptcy and insolvency events related to the Wastewater System and certain downgrades of Junior Lien Obligations. If Payment Obligations were to be accelerated, Designated Revenues would continue to be transferred to the extent available from the Revenue Fund to the Junior Lien Bond Fund on a monthly basis prior to payment of Payment Obligations.
