Preamble

WHEREAS the parties, through their designated representatives, met and conferred in good faith pursuant to Chapter 2, Article XVII (Employer-Employee Relations), Phoenix City Code in order to reach agreement concerning wages, hours, and working conditions of employees in the Police Officers Unit, and

WHEREAS the parties hereby acknowledge that the provisions of this Memorandum are not intended to abrogate the authority and responsibility of City government provided for under the statutes of the State of Arizona or the Charter or ordinances of the City of Phoenix except as expressly and lawfully limited herein,

NOW THEREFORE, it is agreed that this Memorandum of Understanding (hereinafter "Memorandum") shall be submitted to the City Council of the City of Phoenix for its consideration.

ARTICLE 1: Rights

Section 1-1: Purpose/Gender

Wherever any words used herein in the masculine, feminine or neutral, they shall be construed as though they were also used in another gender in all cases where they would so apply.

Section 1-2: City and Department Rights

- A. The Association recognizes that the City and the Police Chief retain, whether exercised or not, solely and exclusively, all express and inherent rights and authority pursuant to law with respect to determining the level of and the manner in which the City's law enforcement activities are conducted, managed, and administered, and the Association recognizes the exclusive right of Police Chief to establish and maintain departmental rules and procedures for the administration of the Police Department during the term of this Memorandum provided that such rules and procedures do not violate any of the specific express provisions of this Memorandum.
- B. The City and Police Chief have the exclusive right and authority to schedule work and/or overtime work as required in the manner most advantageous to the City.
- C. It is understood by the parties that every incidental duty connected with operations enumerated in job descriptions is not always specifically described; nevertheless, it is intended that all such duties shall be performed by the employee.

- D. The Police Chief and City Manager reserve the right to discipline or discharge employees for just cause, defined as follows, pursuant to the Civil Service laws. The City reserves the right to lay off personnel of the Department.
1. The employer informed the law enforcement officer of the possible disciplinary action resulting from the officer's conduct through agency manuals, employee handbooks, the employer's rules and regulations, or other communications to the officer or the conduct was such that the officer should have reasonably known disciplinary action could occur.
 2. The disciplinary action is reasonably related to the standards of conduct for a professional law enforcement officer, the mission of the agency, the orderly, efficient or safe operation of the agency, or the officer's fitness for duty.
 3. The discipline is supported by a preponderance of evidence that the conduct occurred.
 4. The discipline is not excessive and is reasonably related to the seriousness of the offense and the officer's service record.
- E. The City and the Police Chief shall determine assignments and establish methods and processes by which assignments are performed. This is not grievable under the MOU.
- F. The City and Police Chief shall have the right to transfer employees within the Police Department in a manner most advantageous to the City. This is not grievable under the MOU.
- G. Except as otherwise specifically provided in this Memorandum, the City and the Police Chief retain unqualifiedly all rights and authority to which by law they are entitled.
- H. The City shall have the authority without prior meeting and conferring to effect reorganizations of the Police Department.
- I. The Association recognizes that the City has statutory and Charter rights and obligations in contracting for matters relating to municipal operations.
- J. The Association pledges cooperation to the increasing of departmental efficiency and effectiveness. Any and all rights concerning the management, organization, and direction of the Police Department and the police force, including those set forth in this Memorandum, shall be exclusively the right of the City and the Police Chief unless otherwise provided by the express terms of this Memorandum as permitted by law.
- K. The inherent and express rights of the City and the Police Chief, including those herein specifically referred to, which are not expressly modified or restricted by a

specific provision of this Memorandum, are not in any way, directly or indirectly, subject to the Grievance Procedure herein.

Section 1-3: Rights of Association

- A. The Association, as the authorized representative, has the exclusive right to serve as the meet and confer representative of all employees in the Police Officers Unit as described in the City Code.

Under no circumstance shall the department create or request unit members to sign or agree to individual employment contracts without mutual agreement with the Association. Unit members will still be required to sign for receipt of materials.

- B. Union Release:

The Phoenix community benefits from harmonious and cooperative relationships between the City and its employees. The City and the Association have negotiated six full-time release positions, and release hours, as an efficient and readily available point of contact for addressing labor-management concerns. Examples of work performed by the release positions in support of the City include ensuring representation for unit employees during administrative investigations and grievance/disciplinary appeal meetings with management; participating in collaborative labor-management initiatives that benefit the City and the unit members; serving on Police Department task forces and committees; facilitating effective communication between City and Department management and unit employees; assisting unit members in understanding and following work rules; and administering the provisions of the Memorandum of Understanding. The cost to the City for these release positions, including all benefits, has been charged as part of the total compensation contained in this agreement in lieu of wages and benefits.

- 1. Full-Time Release Positions:

- a. The 6 full time release positions shall be sworn, full time, paid police officers of the Phoenix Police Department, who will at all times remain qualified to perform such duties as are normally expected and required of a municipal police officer in the City of Phoenix, Arizona. These 6 full time release positions will receive their regular salary including fringe benefits, and the employer shall make all employer contributions to the Public Safety Personnel Retirement System required by law so as to maintain their full eligibility under the Public Safety Personnel Retirement System.
- b. The 6 full time release positions shall participate in all appropriate training requirements necessary to maintain membership in the department, including all training mandated by the Arizona Peace Officers Standards and Training Board (AZ POST).

- c. The 6 full time release positions agree to be bound by the City's and the Police Department's rules, regulations, and operations orders, including but not limited to proper notification when utilizing sick or vacation leave. The full time release employees may be subject to disciplinary action for violations of any such rules, regulations, general or operations orders.
- d. The 6 full time release positions may work supplemental overtime shifts consistent with the processes and policies set in place by the Phoenix Police Department for all sworn police officers. Employees will submit all overtime slips to their current supervisor to ensure that overtime is being used appropriately.

2. Association Representatives:

The Association may designate up to 42 representatives and shall notify the Police Chief and Labor Relations in writing of such designations as they occur. There shall be no obligation on the City to change or adjust normal departmental scheduling or assignments of personnel as a result of such designations or as changes occur.

Every quarter, PLEA will provide a list of stewards that will be posted.

- a. Up to two PLEA representatives may, when the Association is designated by the unit member as his representative, attend mutually scheduled grievance meetings, Use of Force Boards, Disciplinary Review Boards, IRP Meetings, and hearings with department representatives and hearings scheduled and conducted by the Civil Service Board without loss of pay or benefits. Up to two PLEA representatives may attend hearings with the department representative if more than one department representative is in attendance. Paid release time used for any other purposes, such as gathering information, interviewing the grievant/appellant or witnesses, or preparing a presentation shall be charged against the bank of release hours as described in Section 1-3 D. PLEA representatives are required to obtain the permission of their non-unit supervisor to absent themselves from their duties to attend scheduled meetings and provide representation.
- b. When new work units, precinct(s)/bureau(s) are created, the Association may designate up to 1 additional representative per bureau and up to 3 additional representatives per precinct. The increased number will be consistent with current practice and will be based solely on the addition of new work unit(s). Any deviation from the above will be discussed at a Labor-Management meeting.

3. Bank of Release Hours:

A bank of 1,859 hours of paid Association release time shall be created per M.O.U. year for use by the Association to engage in legitimate Association business. PLEA will utilize best efforts to provide advanced notice of the use of

these hours to Labor Relations so the affected chain of commands can be notified. In all instances, PLEA will provide Labor Relations with notice of hours used. The cost to the City for these release hours, including fringe, has been charged as part of the total compensation contained in this agreement in lieu of wages and benefits. Examples of how these hours are used by the Association include:

- a. For Executive Board members to attend meetings of the Executive Board, meetings of the general membership, and for preparation for negotiations pursuant to Chapter 2, Article XVII (Employer-Employee Relations), Phoenix City Code.
- b. For unit members to attend seminars, meetings, training classes and conferences so that representatives better understand issues such as City policies and practices, conflict resolution, labor-management partnerships, and methods of effective representation.
- c. For Association representatives to communicate with members, investigate grievances or prepare for hearings. A PLEA representative wishing to enter a work area for the purpose of investigating a formal grievance must first gain the permission of the work area supervisor. This permission will not be unreasonably withheld, giving proper consideration to essential work of the department and the occupational safety of the PLEA representative. When requesting a meeting with the work unit/site supervisor, the PLEA representative will inform the supervisor of the purpose of the meeting. PLEA representatives will attempt to schedule an appointment in advance whenever possible. One additional PLEA representative may be allowed to attend such meetings for training purposes.

Approval for use of paid release time hereunder shall be subject to Departmental operational and scheduling factors. When using such paid time, Association representatives and members of the Executive Board shall give at least 24 hours written notice in advance.

In recognition of the mutual benefit to both the City and the Association, a unit member using Association release time as defined by Articles in this MOU to conduct Association business shall be accorded all insurance-related benefits. Approval of claims made for benefits will be determined on a case by case basis.

Any hours used in excess of the bank must be approved by the Police Chief, the Labor Relations Administrator, and the PLEA president. The number of hours used in excess of the bank at the end of the contract term will be deducted from the bank at the start of the first year of the following contract. Unused hours will be carried over into the first year of the next contract.

- C. The president may appoint a legislative representative for the Association if the legislative representative is registered with the Secretary of State as a lobbyist and

if the legislative representative has agreed to work with and assist the city's legislative lobbyist. The legislative representative shall receive 500 hours of release time per MOU year.

- D. A member of the Executive Board of the Association, or a designated PLEA representative, will, with the approval of the Police Chief or his designee, subject to 24 hours written notice in advance, be authorized to engage in Association related activities during City work hours on a non-paid basis. Approval for such authorization for more than 2 Executive Officers or Board members of the Association or designated shift representatives is subject to 48 hours written notice in advance. Approval for use of unpaid time hereunder shall be subject to Department operational and scheduling factors and administration control as to usage of such time, but shall not be arbitrarily withheld. There shall be no use of official paid time for Association related activities under this paragraph.
- E. Upon the Association's filing of a Third Party Data Sharing Agreement with the Labor Relations Division, during the term of this Memorandum, upon request, the City shall furnish to the Association bimonthly at no cost a listing of all unit members, indicating name, mailing address, phone number, **employee ID**, and assignment. The City will also provide a monthly list of employees added that month to Unit 4.
- F. The City shall deduct monthly from the pay warrants of Association members the regular periodic Association membership dues and/or special assessments in accordance with Chapter 2, Article XVII (Employer-Employee Relations), Phoenix City Code and pursuant to the City's existing dues deduction authorization form duly completed and signed by the Association member, and transmit such deductions to the Association on a monthly basis; except, however, that such deduction shall be made only when an Association member's earnings for a pay period are sufficient after other legally required deductions are made. The City shall, at the request of the Association, make changes in the amount of the deduction hereunder during the term of this Memorandum at cost for implementing such change. The City shall not make dues deductions for unit members on behalf of any other employee organization as defined in Chapter 2, Article XVII (Employer-Employee Relations), Phoenix City Code during the term of this Memorandum. The City assumes no liability on account of any action taken pursuant to this paragraph.
- G. The Association is authorized to use mutually agreed upon non-work areas in City facilities for pick-up by or distribution to unit members of official Association literature that is not political in nature, abusive of any person or organization, or disruptive of the department's operations, it being understood and agreed, however, that such activity shall not be done during the on-duty time of any unit member. The Association may, using its own resources, use the mailboxes at work locations to communicate with unit members. The association may use Inter-departmental mail to communicate with unit members on two occasions a year.

- H. The Association and the Department will jointly present a 4-hour Employee Wellness course to recruits who are expected to become sworn police officers. Immediately following, the Association will be allowed 1 hour to talk to and possibly sign newly sworn police officers into the Association and to explain the rights and benefits under the MOU. This time will be allotted prior to reporting for the first patrol training shift at the offices of the Association. The content of such information shall not be political in nature, abusive of any person or the Department or disruptive of the Department's operation. Curriculum will be jointly approved with the Training Bureau Division Chief.
- I. It is understood by the parties that the benefits granted by this Article shall not be interpreted or applied as requiring the employer to count as time worked, any hours or fractions of hours spent outside the unit member's work shift in pursuit of benefits provided by this Article. The employer shall count as time worked any hours or fractions of hours spent within the unit member's regular work shift in pursuit of benefits provided by this Article.
- J. Any unit representative attending any IRP, DRB, UFB, DAC, or any other review board will be allowed to adjust their work schedule by an equal amount of time spent in the meeting. The adjustment will require the approval of the representative's supervisor with operational consideration. Approval will not be unreasonably withheld.
- K. In the interest of encouraging continuing education for unit members, the department will mail to the Association president the AZ POST calendar and all other job related seminar notices it receives.
- L. The Association will have 2 PLEA positions, designated in writing, on continuous paid stand-by for the mutual benefit of both the City and the Association to respond to critical incidents as needed. No member will be placed on stand-by if the member is not available for call-out. If call-out occurs, overtime will be paid in accordance with Article 3, Section 3.2.
- M. Upon written request from the Association, the City will provide specific information pertinent to a written grievance, arbitration case, or Civil Service appeal. The City will also provide pertinent collective bargaining information. This material will be supplied to the Association at no cost.
- N. To improve communication and relationships between labor and management, the Association will be allowed an opportunity to attend one mutually agreed upon briefing quarterly with each squad to discuss Association business and issues of mutual concern to labor and management. PLEA will utilize best efforts to provide advance notice of meeting.
- O. The City values and benefits from the participation of Union leaders on citywide task forces and committees, Police Department task forces and committees, Labor-Management work groups, and a variety of Health and Safety committees. These activities take time away from expected tasks such as representation and

communicating with the membership and may occur outside the regular work day of the Union officials. The full-time release positions agree to participate in these important committees and task forces. In recognition of this commitment, the City agrees to provide a 960 hour bank of compensation for use by the full-time release positions each MOU year.

- P. Unit members who are not Association members at the beginning of the last pay period in June of each year will receive 3.5 hours of vacation time, in addition to their normal annual accruals, credited to their vacation leave bank on the second paycheck in August of that same year. Unit members who are not Association members at the beginning of the last pay period in December of each year will receive 3.5 hours of vacation time in addition to their normal annual accruals, credited to their vacation leave bank on the second paycheck in February of the following year.

The number of hours distributed to Unit members who are not Association members will be deducted from the leave banks described in Section 1-3, beginning with the Section 1-3(C) leave bank, then the Section 1-3(B)(3) leave bank, and then the Section 1-3(O) leave bank. If there are not enough hours in the leave banks to refund the hours to Unit members who are not Association members, the Association will reduce the number of full-time release positions for the remainder of the six-month period. The value of each reduced full-time release position will be converted to hours and credited to the Section 1-3(B)(3) leave bank.

The City will provide Unit members who are not members of the Association “opt in” forms, to be approved by the Association, allowing them to donate vacation leave to be deposited into the Section 1-3(B)(3) leave bank. At any time during the term of this MOU, any Unit member may request this “opt in” form in order to donate vacation time in the manner above-described.

- Q. As the certified unit 4 bargaining unit, the Association will be notified electronically of Use of Force Boards and Disciplinary Review Boards at the time of scheduling.

Section 1-4: Rights of Unit Members

- A. A unit member has the right to have the Association serve as their meet and confer representative as set forth in Chapter 2, Article XVII (Employer-Employee Relations), Phoenix City Code.
- B. A unit member has the right to be represented by the Association in dealings with the City concerning grievances and matters pertaining to their individual employment rights and obligations.
 - 1. If a unit member requests, representation will be allowed when the member is the subject of an administrative investigation by Professional Standards Bureau, any Police Department supervisor, or other City employee who is

conducting an investigatory interview. The City will notify the Association who will obtain the most readily available unit Association representative, who must be a bargaining unit member. The unit representative will make every reasonable attempt to arrive within one hour from the time a phone is made available to the unit member. Management will make a concerted attempt to release the association representative giving the consideration of the departments' and the associations' scheduling concerns. The unit Association representative may make a request for a caucus prior to, during, or after the interview to bring to the investigator's attention issues which may be violations of the MOU as set forth in this Memorandum or questions outside the scope of the N.O.I. Prior to the conclusion of the meeting, the member, or representative on behalf of the employee, will have the opportunity to make a closing statement.

The Union representative may assist and consult with the employee, attempt to clarify the facts or questions asked, and suggest other employees or witnesses who may have knowledge of the underlying issues. The Union representative may not turn the meeting into an adversarial proceeding, unduly disrupt the interview, interfere with the objective of the examination, or compromise the integrity of the interview. The Union representative may not interrupt the employee's response to a question, speak on behalf of the employee, or prevent the employee from responding to a question. The Union representative also may not behave in a violent, verbally abusive, insulting, or demeaning manner toward the interviewer.

During the interview, the interviewer may insist that they are only interested in hearing the employee's own account of the matter under investigation at that time. The interviewer may not prohibit the Union representative from engaging in meaningful representation, including assisting and consulting with the employee.

2. The interview session shall be a reasonable period of time, taking into consideration the gravity and complexity of the misconduct being investigated.
3. Prior to conducting an administrative interview, the City/Department will consider the necessity of interviewing a Unit Member who is impaired by alcohol or drugs. If the City/Department deems an immediate administrative interview is not necessary, it will/may be scheduled at a later time.
4. At the time of the scheduled interview by Professional Standards Bureau, a Police Department Supervisor, or other City Employee, the investigator will provide the unit member and / or their representative written notices of investigation informing the officer of the alleged facts that are the basis of the investigation and all relevant and readily available materials, including complaints (except for complaints that are filed with the employer and that include allegations of unlawful discrimination, harassment or retaliation or complaints that involve matters under the jurisdiction of the United States equal employment opportunity commission). Material format may include video,

audio, reports, photographs, documents, and other materials in accordance with A.R.S § 38-1104(A)(2) in effect during the term of this agreement. Upon the request of either party, the parties shall meet and confer the impact of any changes to the provisions of A.R.S § 38-1104(A)(2) during the term of this agreement. All materials will be made available to the unit member and/or their representative in the draft investigation prior to the investigative review process (IRP).

For investigations related to critical incidents such as officer involved shootings, in-custody deaths, and/or police contract that result in serious physical injury or death, Body Worn Camera (BWC) video will be made available to a unit member prior to their administrative (PSB) interview if the unit member first completes the criminal interview process with criminal investigators. The parties understand that there are inherent limitations to BWCs and memory. They also recognize that the inability to review BWC video can impact reporting accuracy.

During the course of the administrative investigation, the investigator will not knowingly misrepresent any fact or material issue to the unit member.

Prior to interviewing an involved employee, an Internal Investigation Material List form documenting what materials, the investigating supervisor or PSB investigator provided to the involved employee will be completed.

5. A unit member under investigation, and the association, will be notified in writing every 3 months as to the current status of the investigation. This will include a brief description of the number of known witnesses still to be interviewed and other investigative processes remaining to be completed, as well as an estimated date of completion.
6. When a draft investigation is provided to a Unit member, it will contain an explanation of the member's right to review the investigation within the time period provided in Ops Order 3.19 before signing the investigative review control form.
7. If changes are made to an investigation after an IRP, the unit member and representative will be provided with a revised draft of the investigation. The unit member will have up to 5 business days to review the revised draft, and may attach a rebuttal, before signing an IRC form.
8. If new information is added, outside what was discussed during the IRP, to the draft investigation, the member reserves the right to have an additional IRP to discuss the new information. The additional IRP will only be afforded to specifically discuss the added information, not to revisit items already discussed in the initial IRP. The additional IRP will be scheduled and completed within 7 calendar days, unless mutually agreed upon in writing prior to the deadline.

9. As the certified bargaining unit for all unit 4 members, all finalized investigations will be provided to the Association monthly.
10. **Analyses completed by artificial intelligence systems or programs ("AI") will not be used as the sole basis for decisions related to Unit employee discipline or officer assignments.**

The City must notify officers, in writing, of the artificial intelligence systems or programs ("AI") utilized by the City to review or analyze officer data, the specific data collected and analyzed by these systems, and how any analyses may be used.

If an "AI" system that is implemented by the department produces or presents faulty data or misinformation related to officer reassignment or discipline; the department in consultation with the association may pause the utilization of the "AI" system. At that time the City and the association will reconvene to assess the issue and determine the appropriate action moving forward.

Artificial intelligence is the simulation of human intelligence processes by machines, especially computer systems, to perform tasks requiring cognition, including, but not limited to, learning, reasoning, self-correction, and creativity.

- C. A unit member has the right to present their own grievance, in person or by legal counsel.
- D. Unit members are entitled to representation if an overall "Not Met" performance evaluation is appealed and is at the Executive Level (Assistant Chief or Chief) or when management has more than one representative at the meeting to discuss the appeal of the performance evaluation.
- E.
 1. A unit member covered hereunder shall, on their request and by appointment, be permitted to examine their departmental or divisional personnel file, in the presence of an appropriate supervisory official of the Department. The unit member may be accompanied by another person of their choosing. When a city directed work fitness/job performance medical evaluation process is completed, the city agrees to give the city doctor a release to give the information to the requesting employee.
 2. No unit member shall have any adverse comments entered into their departmental or divisional personnel file without the member being informed by a supervisor. If the unit member requests, they may receive a copy of the adverse comment.

3. A unit member may, at their discretion, attach rebuttal statements to any material contained in their departmental or divisional personnel file which may be adverse in nature.
4. Discipline older than 5 years from the date of issuance will not be considered for progressive discipline or promotion/transfer purposes except for the following types of discipline, which may be considered for the duration of employment (and upon the employee's return to employment, if applicable):

Final sustained discipline of suspension or higher of the following;

- The employee has been abusive or threatening in attitude, language, or conduct towards fellow employees;
 - The employee has solicited or taken for personal use a fee, gift or favor in the course of the assigned work or in connection with it, which would lead toward favoritism or the appearance of favoritism or a conflict of interest;
 - The employee has intentionally falsified records or documents made, kept, or maintained for or on behalf of the City of Phoenix;
 - The employee has stolen or is in unauthorized possession of City property or the property of another employee or citizen;
 - The employee is under the influence of alcohol or illegal drugs on the job;
 - The employee has violated City of Phoenix anti-harassment or anti-discrimination policies;
 - The employee committed a violation of the City's Ethics Policy;
 - The employee committed an act of dishonesty;
 - The employee committed an act meeting the elements of a felony; or
 - The employee has committed a Class 3 violation of use of force.
5. A Supervisory Counseling is a documented warning presented to the employee for signature. The effective date for any applicable appeal will start from the date that the employee signs the Counseling.
 6. Once a unit member has been disciplined, no further disciplinary action may be imposed for the same specific allegation during the same incident of misconduct. If a unit member has received a coaching for the same incident, it may be considered as a mitigating factor in the final determination of discipline. A unit member may be subjected to additional discipline if further investigation reveals additional allegations arising from the same incident.

F. A unit member and Association Representative shall have the right to appear before the departmental Disciplinary Review Board when disciplinary matters are brought before the Board involving the unit member.

1. The purpose of such appearance is to give the unit member an opportunity to respond to the assertions made against them.
2. The Department shall notify the unit member 10 calendar days prior to such opportunity to respond to the Board. The notification shall contain the date,

time, violation(s) and basis of each violation that has been sustained. In addition, the unit member, if they choose, may meet with their immediate supervisor along with the second level supervisor or the unit member's Bureau/Precinct Commander for the purpose of discussing the basis of each violation to be reviewed by the DRB. If the immediate supervisor conducted the investigation, the unit member, if they choose, may meet with the next supervisor in their chain of command. Such request shall be made in writing to the unit member's immediate supervisor. Also, the unit member, if they choose, may be accompanied by an Association representative at either meeting.

- a. At the IRP meeting, the unit member shall be afforded a reasonable opportunity to review the written investigation. Realizing that in some cases there may be information that would be detrimental to the department's ability to conduct misconduct investigations, that information may be deleted. However, all other information will be available for review.
3. The unit member under investigation may request a copy of the DRB information at no cost. The DRB information will be made available to the unit member or their representative at the same time the unit member is served with the DRB notice. Any written or electronic material to be presented by the employee or their representative to the DRB shall also be given to the department in a reasonable time. The information will be supplied electronically if possible; if not, it will be supplied in written form. In addition, the department will supply any audio/video tapes and computer graphics which have been produced.
 4. The unit member may, at their discretion, appear before the Board with an Association representative of their choosing and may state the reasons why the proposed action is unjustified. The unit member and their representative may passively observe all presentations made to the board and all responses made to questions by board members. The unit member and non-board members will be excluded from the room during board deliberations.
 5. The unit member may submit relevant written matter in support of their position.
 6. If the unit member requests, representation will be allowed, consistent with Article 1, Section 1-4(B)(1) of this Memorandum, during Use Of Force Board (UFB) hearings. A unit Association representative will be allowed to observe all presentations made to the Board and all responses to questions by Board members.
 - a. At least 10 days prior to the convening of the UFB the unit member will be provided at no cost with a copy of all documentation concerning their involvement in the matter under investigation that is made available to the UFB Board members.
 - b. At the conclusion of the UFB, the Board Chair will verbally advise the unit member and representative of policies violated that support the

recommendation. The unit member and representative will also be provided a copy of the UFB recommendation submitted to the Chief within 3 business days.

- c. The Association has the right to meet with the Police Chief, or designee, within 7 business days of the board's decision, as scheduled by the Police Chief's office, to discuss an "out of policy" recommendation by the UFB before a final decision is rendered.
7. A unit member will be provided written notice of a Loudermill hearing at least 5 working days before the scheduled hearing along with copies of all supporting documentation. This is to ensure the member will have a meaningful opportunity to prepare for the hearing. The unit member may submit written information for the Chief's consideration in advance of the hearing. At the hearing, the unit member may present any information the member deems relevant, including one character witness to provide a statement. The witness will not read written statements submitted by others.
 - a. The timeline for written notice of a Loudermill hearing resulting from an arrest for a felony crime under color of authority will be at the discretion of the Police Chief.
 8. In recognition of the mutual benefit to both the city and the unit member, suspensions MAY BE served under the following time limits, at the unit member's option. Unit members may serve suspensions of more than 40 hours on an alternating weekly schedule. The city retains the option to deviate from this provision for suspensions involving sexual harassment, violence in the work place, felonies, and drugs/alcohol.
- G. A unit member under investigation by Professional Standards Bureau or a Police Department supervisor for a disciplinary matter that may lead to a written reprimand, suspension, demotion, or discharge, and who is interviewed or interrogated, or requested to produce any documentation, shall be given a written Notice Of Investigation (Form 80-58DB) informing them of the specific nature of the investigation, their status in the investigation, and all known allegations of misconduct involved in the interview of the unit member. In addition, the unit member and/or the Police Department supervisor/Professional Standard Bureau representative may mechanically record such interview/interrogation. Should any mechanical recordings take place, the department reserves the right to transcribe any such interview/interrogation for the purpose of verifying the accuracy of the interview/interrogation and, if requested, the unit member shall sign the transcription if it is accurate. In the event that the investigator intends to segment the interview or the interrogation, the NOI will inform the member of the specific nature and all known allegations pertaining to the portion or portions of the investigation being covered by the segmented Notice of Investigation.

1. A copy of the signed and dated Notice of Investigation will be given to the unit member prior to the beginning of the interview. The unit member shall have the right to retain the NOI for their use throughout the entire course of the interview.

3. If any unit member is told not to speak to anyone regarding an investigation, this admonition does not apply to speaking with an attorney functioning within the attorney-client relationship. In addition, if an accused unit member is told not to speak to anyone regarding an investigation, this admonition does not apply to speaking with an Association representative, who may discuss the matter only with the grievance chairman/Association president or their designated representative. Once the investigation is completed, any unit member may speak with an Association representative regarding the incident. When the investigation is completed, the accused unit member will be notified in writing of the findings. A unit member under internal or administrative investigation may be reassigned (may include reassignment to their home), until the completion of the investigation.
4. If during the course of the above mentioned investigation, information is learned concerning additional misconduct on the part of the unit member being interviewed, an NOI will be issued to the unit member prior to the unit member being questioned about the additional misconduct information.
5. Investigations alleging serious misconduct and/or issues of veracity will be investigated by Professional Standards Bureau (PSB) or other appropriate City entity.
6. Notification regarding the general nature of a Professional Standards Bureau (PSB) interview at the time of scheduling will be left at the discretion of the PSB Commander.
7. If any additional NOI's are served during the course of a misconduct interview where a PLEA representative is not present (has not been requested), a break in the interview of up to 1 hour will be granted (if requested) for the employee to obtain a PLEA representative.
8. The unit member or the unit member's representative may make a request to the Chief, or their designee, in unusual circumstances such as a unit member's extended duty or hospitalization, to delay the PSB interview for up to 24 hours after a critical incident.
9. A unit member will not be terminated for the sole reason of having been served with an order of protection or injunction against harassment unless that court order precludes the officer from performing their essential functions, including but not limited to carrying a firearm; until appeal processes have been exhausted.

- H. It is understood by the parties that the benefits granted by this Article, shall not be interpreted or applied as requiring the employer to count as time worked, any hours or fractions of hours spent outside the unit member's work shift in pursuit of benefits provided by this Article. The employer shall count as time worked any hours or fractions of hours spent within the unit member's regular work shift in pursuit of benefits provided by this Article.
- I. The affected employee attending any IRP, DRB, UFB, DAC, Grievance meeting, Civil Service Appeal, or any other review board while off duty shall be allowed to adjust their work schedule by an equal amount of time spent in the meeting. The adjustment will require the approval of the unit member's supervisor, with operational considerations. Approval will not be unreasonably withheld.
- J. After a separation notice has been signed by the appropriate authorities, and if the unit member is given the opportunity to resign, the unit member will have 3 hours to consult with an Association representative.
- K. A unit member who receives a written reprimand will be provided a copy of the official documentation, if any, supporting the written reprimand at the time the unit member receives the reprimand.
- L. If the Driving Analysis Committee sends a case to the DRB for review, the unit member will receive a copy of the facts supporting the DAC position upon request. Prior to the DAC review, unless the unit member declines, an IRP will be completed with the unit member's commander.
- M. In accordance with the terms outlined in Section 1-4.E.4, a unit member seeking an "at request" transfer will only have discipline of a relevant nature considered in the determination of the transfer using the following prescribed time frames. Class I Discipline:	12 months from date of NOI
Class II Discipline:	18 months from date of NOI
Class III Discipline:	24 months from date of NOI
- N. If an employee is not given their performance evaluation by the annual review date, the employee may request the merit increase in writing by sending a memorandum directly to the Human Resources Officer in the Fiscal Management Bureau. If the performance evaluation is an overall "met," the request will be processed within 21 calendar days of submittal and will be retroactive to the performance evaluation annual review date.
- O. Unit members will not be excluded from applying and/or competing in a transfer process based solely on a pending investigation. The investigation is no longer considered "pending" once the NOF has been served to the member. However, the transfer process will not be delayed pending the conclusion of the related

investigation. If a unit member is passed over for transfer based on the pending investigation, he/she may be eligible for the next available opening depending upon the outcome of the investigation.

- P. An association member, or the association at the request of the member, may request the opportunity to discuss a good-of-the-department transfer decision with the member's Division Commander. The Division Commander will make him/herself available, but the transfer action will not be delayed based on this provision. This provision does not apply to transfers made to adjust staffing levels, reduce staff in a specific area or other similar operational need.
- Q. A unit member or their representative may request the opportunity to discuss and review a transfer that is the subject of a grievance with the Chief or their designee. The Chief or their designee shall make themselves available to discuss, but the transfer action will not be delayed based on this provision. The transfer action could be delayed or reversed at the discretion of the Chief or their designee. (This paragraph does not apply to at-request transfers or transfers based on a selection process).
- R. If the City overpays a unit member for any reason, the money will be recovered at the same rate at which it was paid unless total amount is less than \$250.00, at which the entire amount may be recovered in one lump sum.
- S. Progressive Discipline time periods will be based on date of the NOI.

Section 1-5: Prohibition of Strike and Lockouts

- A. The Association and the unit members covered by this Memorandum recognize and agree that rendering of police services to the community cannot under any circumstances or conditions be withheld, interrupted, or discontinued, and to do so would endanger the health, safety and welfare of the citizens of the City of Phoenix.
- B. The Association pledges to maintain unimpaired municipal services as directed by the City. Neither the Association, nor any unit member, for any reason, will authorize, institute, aid, condone or engage in a slowdown, work stoppage, strike, or any other interference with the work and statutory functions and obligations of the City or the Department. During the term of this Memorandum neither the City nor its agents for any reason shall authorize, institute, aid or promote any lockout of unit members covered by this Memorandum.
- C. Should any unit member during the term of this Memorandum, and until such time that it is expressly and legally rescinded, breach the obligations of Section 1-5B, the City Manager or his designee shall immediately notify the Association that a prohibited action is in progress.
- D. The Association shall forthwith, through its executive officers and other authorized representatives, disavow said strike or other prohibited action, and shall notify in

writing all Association members and representatives of their obligation and responsibility for maintaining compliance with this Article, including their responsibility to remain at work during any interruption which may be caused or initiated by others. Copies of such notification shall be delivered to the office of the City Manager. In addition, the Association shall order all unit members violating this Article to immediately return to work and cease the strike or other prohibited activity. Such order shall be delivered both orally and in writing to all unit members violating this Article with copies of the written order to be delivered to the office of the City Manager.

- E. Penalties or sanctions the City may assess against a unit member who violates this Section shall include, but not be limited to:

Should the Association during the term of this Memorandum and until such time that it is expressly and legally rescinded, breach its obligations under this Section, it is agreed that all penalties set forth in Chapter 2, Article XVII (Employer-Employee Relations), Phoenix City Code, shall be imposed on the Association, in addition to any other legal and administrative remedies available to the City that in its discretion it may elect to pursue.
- G. Nothing contained herein shall preclude the City from obtaining judicial restraint or from seeking damages from the Association, in the event of a violation of this Section.

ARTICLE 2: Grievance/Arbitration/Labor Management

Section 2-1: Grievance Procedure

It is understood by the parties that the benefits granted by this Article shall not be interpreted or applied as requiring the employer to count as time worked, any hours or fractions of hours spent outside the employee's work shift in pursuit of benefits provided by this Article. The employer shall count as time worked any hours or fractions of hours spent within the employee's regular work shift in pursuit of benefits provided by this Article.

- A. Informal Resolution
 - 1. As a matter of good labor-management relations, unit members who believe that they have a bona fide grievance will discuss and attempt to resolve it with the appropriate lowest level of supervision.

2. If the above informal discussion is held and does not resolve the grievance, the unit member may file a formal grievance in accordance with the following procedure.

B. Definition of Grievance

1. A grievance is a written allegation by a unit member, submitted as herein specified, claiming violation(s) regarding the specific express terms of this Memorandum for which there is no other specific and formal method of review. However, disputes specifically excluded in other Articles of this Agreement from the Grievance and Arbitration procedure shall not be construed as within the definition set forth above and shall not be handled in accordance with this procedure. It is agreed that such excluded disputes are not grievable or arbitrable under the terms of this Article or under this contract.
2. The City continues to retain the format used for grievances, including forms, technology, etc.
3. A grievance which does not meet the requirements set forth in this Article shall be null and void, and will not be processed in accordance with this procedure.
4. The City is not under any obligation to accept grievances where the City Manager has previously decided on the same fact pattern.

C. Procedure

All grievances covered by this Article shall be handled exclusively in the following manner:

A grievance must be reduced to writing, citing the specific Article and Section of this Memorandum alleged to have been violated.

1. Step 1

The unit member shall reduce the grievance to writing by signing and completing the grievance form provided by the City and submit it to the Commander/Administrator, or designee, within 14 calendar days of the initial commencement of the occurrence being grieved.

The Commander/Administrator, or designee, may investigate, further consider, and discuss the grievance with the grievant and the grievant's representative, if any, as deemed appropriate, and shall, within 14 calendar days of having received the written grievance, submit a response thereto in writing to the grievant. The parties by written mutual agreement may move the grievance to Step 2 of the grievance procedure.

2. Step 2

If the written response of the Step 1 does not result in a resolution of the grievance, the grievant may appeal the grievance by signing and completing the City form and presenting it to the division head, or designee within 14 calendar days of the grievant's receipt of the Step 1 response.

The division head, or designee, may further consider and discuss the grievance with the grievant and the grievant's representative, if any, as deemed appropriate, and shall, within 14 calendar days of having received the written grievance, submit a response thereto in writing to the grievant. The parties by written agreement may move the grievance to Step 3 of the grievance procedure.

3. Step 2.5

After the Step 2 response, but prior to review by the Grievance Committee, the parties involved may mutually agree to submit the grievance to Labor Relations. The grievance, as originally written and Step 1 and Step 2 responses, must be submitted to Labor Relations within 14 calendar days of receipt of the Step 2 response. Labor Relations shall, within 14 calendar days of the receipt of the grievance, meet with the department head, or designee, and the grievant and the grievant's representative, if any, in an attempt to resolve the grievance. Labor Relations shall then submit a written response to all parties within 14 calendar days of the meeting.

4. Step 3

- a. If the written response of the Step 2 (or 2.5 if applicable) does not result in a resolution of the grievance, the grievant may, within 14 calendar days of the Step 2 response, appeal the grievance by signing and completing the City form and presenting it to Labor Relations. A Grievance Committee hearing will be scheduled at which the grievant shall be afforded the opportunity to fully present his position and to be represented.

The Grievance Committee shall be composed of:

Chairman – A member of the City Manager's Office designated by the City Manager.

Member – A City department head on a rotating schedule.

Member – The President of another union, other than the Grievant's, representing employees with the City of Phoenix.

The Grievance Committee shall submit findings and advisory recommendation(s) to the City Manager. The City Manager shall make the final determination of the grievance and submit it in writing to the grievant and his designated representative.

- b. If the grievant so elects in writing within the above time limit, in lieu of such hearing the grievance may be reviewed by an arbitrator. The parties, or their designated representatives, shall agree on an arbitrator, and if they are unable to agree on an arbitrator within a reasonable time, either party may request the Federal Mediation and Conciliation Service to submit to them a list of 7 arbitrators who have had experience in the public sector. The parties shall, within 7 calendar days of the receipt of said list, select the arbitrator by alternately striking names from said list until one name remains. Such person shall then become the arbitrator. The arbitrator so selected shall hold a hearing as expeditiously as possible at a time and place convenient to the parties, and shall be bound by the following:
 - i. The arbitrator shall be bound by the language of this Memorandum and departmental rules and regulations consistent therewith in considering any issue properly before him/her.
 - ii. The arbitrator shall expressly confine him/herself to the precise issues submitted to him/her and shall have no authority to consider any other issue not so submitted to him/her.
 - iii. The arbitrator shall be bound by applicable State and City law.
 - iv. The cost of the arbitrator and any other mutually incurred costs shall be borne equally by the parties.

The arbitrator shall submit findings and advisory recommendations to the City Manager. The City Manager shall make the final determination of the grievance and submit it in writing to the grievant and his designated representative.

D. Time Limits

Failure of City Management representatives to comply with time limits specified in Paragraph C shall entitle the grievant to appeal to the next level of review; and failure of the grievant to comply with said time limits shall constitute abandonment of the grievance; except however, that the parties may extend time limits by mutual written agreement in advance of the deadline.

E. Union Grievance

The Union may, in its own name, file a grievance that alleges violation by the City of the rights accorded to the Union by the specific terms of Article 1-3 of this Memorandum. The Union shall file such grievance at Step 3 of this Procedure.

F. Group Grievance

When more than one unit member claims the same violation of the same rights allegedly accorded by this Memorandum, and such claims arise at substantially the same time and out of the same circumstances, a single group grievance may be filed in the name of all such members. Such group grievances shall be filed at the Step of this Procedure which provides the lowest level of common supervision having authority over all named Grievants. Each unit member that is a party Grievant must be named in such group grievance.

G. Employer Grievances

Should they occur as a result of official Union activities or actions, including the failure to act as required under the terms of this Memorandum, employer grievances will be presented directly to the Union president or any officer of the Union within 14 days of the occurrence prompting the grievance. The president, or designee, shall in each case provide a written answer within 14 days from receipt of the grievance. Unresolved employer grievances may be submitted to arbitration pursuant to Step 3 so long as the City pays the cost of the arbitrator.

Section 2-2: Labor-Management Committee

- A. There shall be a Labor-Management Committee consisting of up to 6 representatives of the Association and up to 6 representatives of the Department and City. The purpose of the Committee is to facilitate improved Labor-Management relationships by providing an informal forum for the free exchange of views and discussions of mutual concerns and problems as distinguished from meeting and conferring.
- B. The Committee shall meet as needed by union request, quarterly at mutually scheduled times. Parties may mutually agree to meet more frequently.
- C. Representatives of the Association on the Committee who are unit members shall not lose pay or benefits for meetings mutually scheduled during their duty time up to a maximum of 3 hours per unit member per meeting.
- D. It is understood by the parties that the benefits granted by this Section shall not be interpreted or applied as requiring the employer to count as time worked, any hours or fractions of hours spent outside the unit member's work shift in pursuit of benefits provided by this Section. The employer shall count as time worked any hours or fractions of hours spent within the unit member's regular work shift in pursuit of benefits provided by this Article.
- E. For a unit member whose regular shift is other than Shift 1, there will be flexibility in changing his normal work hours for the purposes of attending official Labor-Management meetings called by or with the concurrence of City management or the Police Chief or designee.

Section 2-3: Resolving General Complaints

In the spirit of continually developing good labor-management relations all parties are encouraged to address general complaints at the lowest level of management in attempt to seek resolution before escalating issues up the chain of command.

- G. At the direction of the immediate supervisor in each case, a unit member shall be entitled to overtime in accordance with Article 3, Section 3-6 hereof, while he is being evaluated by the authorized and designated City physician for return to work at times he is not scheduled to be on duty nor is on paid leave or disability benefit status, based on actual check-in and check-out time recorded by Health Center staff. No unit member shall be compensated for other than the supervisor directed evaluation(s) by the City physician for return to work.
- H. After 4 consecutive hours of overtime, a unit member shall be entitled to a paid meal break of 1/2 hour, but in no event shall a unit member be entitled to more than one such meal break for every 8 consecutive hours of overtime.

If performed at a location of the unit employee's discretion, other than a work location, the unit member will be paid a minimum of 15 minutes at time and one-half his regular rate of pay when any combination of calls equals 7 minutes or more. If the call extends past this minimum, the overtime will be calculated to the nearest 1/4 hour. Compensation to a unit member who is called out at times other than his regularly scheduled shift will begin at the time the unit member is notified. The compensation will continue up to 30 minutes beyond the completion of the duties for which the unit member was called out, or until the member returns to his residence, whichever is first. Where applicable, the travel time shall be paid only if the total work and allowed travel time exceed the minimum call out guarantee. Travel time shall not apply when a unit member is working overtime planned in advance.

- C. A unit member beginning an overtime period within 3 hours or less prior to the regularly scheduled duty reporting time, will be compensated from the time the overtime period begins to the time he is scheduled to report for duty except that a unit member shall not be eligible for additional compensation during that period.

The department shall give a unit member a minimum 7 day advance written notice when his “N” days or hours will be changed. If this (7 day written notice is not given, and there is no operational need for not providing the notice, the “N” days or hours change will be rescheduled to allow for a 7 day notice period.

- B. If a 10 hour, 4 day work week is implemented; the regular duty hours for an affected unit member shall be 4 consecutive shifts of 10 hours in a 7 calendar day work week. These 4 consecutive shifts will be preceded and followed by 3 “N” days.
