

## Neighborhood Notification: Bicycle Improvements on Canterbury Dr / Medinan Dr from Thunderbird Rd to Moon Valley Dr Winged Foot Rd from Medinan Dr to 7<sup>th</sup> St

As part of the Street Transportation Department's core mission, we strive to improve the City's roadways to create a safe and efficient transportation network. Our ongoing pavement maintenance program provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit.

A recent paving project will allow for the addition of painted buffers to add space between people driving and people riding bicycles. The number of motor vehicle lanes and on-street parking areas will not change.

### About the Project

**Where:** 1) Canterbury Drive / Medinan Drive from Thunderbird Road to Moon Valley Drive  
2) Winged Foot Road from Medinan Drive to 7<sup>th</sup> Street

**What:** Where there is enough space on the roadway, buffers will be added to existing parking lanes. The number of travel lanes will remain the same. No parking will be removed.

**When:** Traffic lane striping will begin soon.

**Why:** Buffered parking lanes add space between people driving and vehicles parked alongside the street for increased protection from people driving, improved safety and added comfort.

### What will the Project Look Like?

#### Canterbury Dr / Medinan Dr from Thunderbird Rd to Moon Valley Dr

Current Travel Lanes

Proposed Travel Lanes

#### Winged Foot Rd from Medinan Dr to 7<sup>th</sup> St

Current Travel Lanes

Proposed Travel Lanes
