

Neighborhood Notification: Bicycle Improvements on Encanto Boulevard from 91st Avenue to 86th Drive

As part of the Street Transportation Department's core mission, we strive to improve the City's roadways to create a safe and efficient transportation network. Our ongoing review of street design provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit.

About the Project

Where: Encanto Boulevard from 91st Avenue to 86th Drive

What: Where there is enough space on the roadway, bike lanes will be added. The number of travel lanes remain the same. Parking will only be removed in front of the park, which requested the current time-restricted parking be removed.

When: Traffic lane improvements are planned for Spring 2024.

Why: Bike lanes add space between people driving and people walking or biking for increased protection from vehicles, improved safety and added comfort. Additionally, the slight narrowing of the lane widths to accommodate the bike lanes will help to guide cars and deter speeding.

What will the Project Look Like?

Travel Lanes from 91st Ave to 86th Dr

Current

Travel Lanes from 91st Ave to 87th Ave

Proposed

Travel Lanes from 87th Ave to 86th Dr
