

Neighborhood Notification: Bicycle Improvements on Hance Boulevard, Pinnacle Peak Road to Parkside Lane and Parkside Lane, 35th Avenue to Hance Boulevard

As part of the Street Transportation Department's core mission, we strive to improve the City's roadways to create a safe and efficient transportation network. Our ongoing review of street design provides opportunities to change the current traffic lane striping to improve safety for people who walk, drive, ride bicycles and use transit. Bike lanes will be added in this area.

About the Project

Where: Hance Boulevard, Parkside Lane to Pinnacle Peak Road and Parkside Lane, 35th Avenue to Hance Boulevard

What: Where there is enough space on the roadway, bike lanes will be added. Parking will be maintained where parking currently exists except at turn lanes.

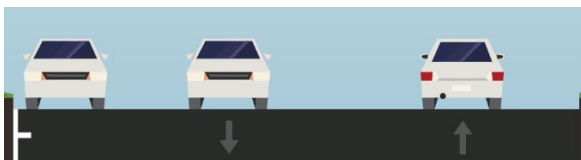

When: Traffic lane improvements are planned for Winter 2025.

Why: Bike lanes add space between people driving and people walking or biking for increased protection from vehicles, improved safety and added comfort. Additionally, the slight narrowing of the lane widths to accommodate the bike lanes will help to guide cars and deter speeding.

What will the Project Look Like?

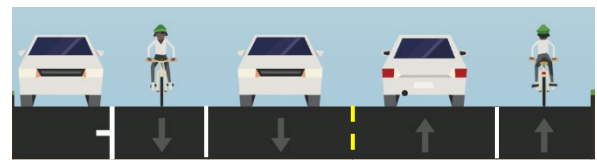

Hance Boulevard, Parkside Lane to Casitas Del Rio Drive

Current Travel Lanes

(Parking allowed west side)

Proposed Travel Lanes

(Parking to remain available west side)

Hance Boulevard, Casitas Del Rio Drive to Pinnacle Peak Parkway

Current Travel Lanes

(Parking allowed both sides)

Proposed Travel Lanes

(Parking to remain available west side)

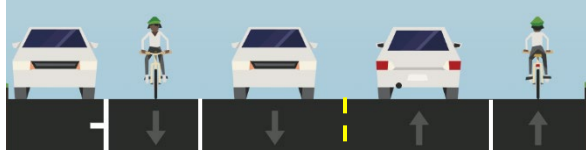

Parkside Lane, 35th Avenue to Hance Boulevard

Current Travel Lanes

(Parking allowed both sides)

Proposed Travel Lanes

(Parking to remain available both sides)

Parkside Lane, east of 35th Avenue

Current Travel Lanes

(Parking allowed both sides)

Proposed Travel Lanes

(Parking to remain available south side)
